INDEPENDENT AUDITORS' REPORT

To Asia Polymer Corporation:

Opinion

We have audited the accompanying parent company only financial statements of Asia Polymer Corporation (the "Company"), which comprise the parent company only balance sheets as of December 31, 2025 and 2024, and the parent company only statements of comprehensive income, changes in equity and cash flows for the years then ended, and the notes to the parent company only financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying parent company only financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2025 and 2024, and its financial performance and its cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers.

Basis for Opinion

We conducted our audit of parent company only financial statements in accordance with the Regulations Governing Auditing and Attestation of Parent Company Only Financial Statements Financial Statements by Certified Public Accountants Engaged and auditing standards in the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Parent Company Only Financial Statements section of our report. We are independent of the Company in accordance with The Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the parent company only financial statements for the year ended December 31, 2025. These matters were addressed in the context of parent company only financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters related to the Company's parent company only financial statements for the year ended December 31, 2025 are stated as follows:

Recognition of Sales Revenue from Specific Customers

The amount of sales revenue for the year ended December 31, 2025 was NT\$5,615,512 thousand, which was approximately 3.46% lower than the sales revenue for the year ended December 31, 2024 of NT\$5,816,814 thousand. Nevertheless, the sales revenue from specific

customers deviates significantly from the trend of total sales revenue. Therefore, recognition of sales revenue from these specific customers has been identified as a key audit matter.

The audit procedures that we performed in response to the risk were as follows:

1. We obtained an understanding of the design and implementation of internal controls about these specific customers and tested if these controls were performed effectively. Such controls include credit assessments of customers, revenue recognition and receivables collection.
2. We sampled and inspected purchase orders from these specific customers, shipping confirmations and receivables collection receipts in order to verify the accuracy of sales revenue.
3. We reviewed sales returns and discounts recognized and the amounts received in subsequent periods to assess for any abnormalities.

Responsibilities of Management and Those Charged with Governance for the Parent Company Only Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance (including the audit committee) are responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Parent Company Only Financial Statements

Our objectives are to obtain reasonable assurance about whether the parent company only financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the auditing standards in the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these parent company only financial statements.

As part of an audit in accordance with the auditing standards in the Republic of China, we exercise professional judgment and professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the parent company only financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Company to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with statements that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements for the year ended December 31, 2025 and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ASIA POLYMER CORPORATION

NOTES TO PARENT COMPANY ONLY FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2025 AND 2024

(In Thousands of New Taiwan Dollars, Unless Stated Otherwise)

1. GENERAL INFORMATION

Asia Polymer Corporation (the “Company”) was established in January 1977. The Company designs, develops, manufactures and sells low-density polyethylene (LDPE), medium-density polyethylene (MDPE), and ethylene vinyl acetate copolymer (EVA).

The ordinary shares of the Company have been listed on the Taiwan Stock Exchange. As of December 31, 2025, the ultimate parent company, USI Corporation, held 36.08% of ordinary shares of the Company.

The functional currency of the Company is the New Taiwan dollar, and the financial statements of the Company are presented in the Company’s functional currency.

2. APPROVAL OF FINANCIAL STATEMENTS

The financial statements were issued after it had been approved by the Board of Directors on March 10, 2026.

3. APPLICATION OF NEW AND REVISED STANDARDS AND INTERPRETATIONS

a. Initial application of the International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations (IFRIC), and SIC Interpretations (SIC) (collectively, the “IFRS Accounting Standards”) endorsed and issued into effect by the Financial Supervisory Commission (FSC).

1) Amendment to IAS 21 “Lack of Exchangeability”

The amendment to IAS 21 regarding “lack of exchangeability” will not result in significant changes in the accounting policies of the Company.

2) Amendments to IFRS 9 and IFRS 7 for the Classification and Measurement of Financial Instruments regarding the application guidelines for the classification of financial assets.

b. The IFRS Accounting Standards endorsed by the FSC for application starting from 2026

| New IFRSs | Effective Date Announced by IASB |
|---|-------------------------------------|
| Amendments to IFRS 9 and IFRS 7 for the Classification and Measurement of Financial Instruments regarding the application guidelines for the debt derecognition | January 1, 2026 |
| “Amendments to IFRS 9 and IFRS 7: Contracts Referencing Nature-dependent Electricity” | January 1, 2026 |
| “Annual Improvements to IFRS Accounting Standards — Volume 11” | January 1, 2026 |
| IFRS 17 “Insurance Contracts” (including amendments from 2020 and 2021) | January 1, 2023 |

Amendments to IFRS 9 and IFRS 7 for the Classification and Measurement of Financial Instruments

1) Revisions to the application guidelines for the classification of financial assets

The primary revision pertains to the classification regulations of financial assets, which include:

- a) If a financial asset includes a contingent feature that may change the timing or amount of the contractual cash flows, and the nature of the contingent feature is not directly linked to changes in basic lending risks and costs (e.g., whether the debtor achieves a specified reduction in carbon emissions), the contractual cash flows of such a financial asset are still considered solely payments of principal and interest on the principal amount outstanding, provided that the following two conditions are met:

All potential scenarios (whether before or after the occurrence of relevant events) generate contract cash flows that consist entirely of interest on the principal amount and the outstanding principal amount.

There is no significant difference between the cash flows generated under all possible scenarios of the contract and the cash flows of financial instruments with the same contract terms but without or with certain characteristics.

- b) Financial assets characterized by the absence of recourse rights refer to the ultimate rights of an enterprise to receive cash flows, which are contractually limited to cash flows generated by specific assets.
- c) The clarification of contract-linked instruments is structured through a waterfall payment mechanism to create multiple tranches of securities,

establishing a payment priority for holders of the financial assets. This results in credit risk concentration and causes any shortfall in cash flows from the underlying pool to be allocated disproportionately among the different tranches.

- 2) Revisions to the application guidelines for the classification of financial liabilities
The revision primarily clarifies that financial liabilities should be derecognized on the settlement date. However, if a company uses an electronic payment system to settle a financial liability in cash and the following conditions are met, the company may elect to derecognize the financial liability before the settlement date:

The company does not possess the actual ability to withdraw, suspend, or cancel the payment instruction;

The company does not have the practical ability to access the cash that will be used to settle the payment instruction; and

The settlement risks associated with the electronic payment system are not significant.

The Company shall retrospectively apply the revision without the need to restate comparative periods. The impact of initial application shall be recognized on the date of initial adoption. However, if a company does not utilize foresight when it is able to restate, it may choose to restate during a comparative period.

Aside from the aforementioned impacts, as of the date the financial statements were authorized for issue, according to the Company’s assessment, the amendments to other standards will have no significant impact on the Company’s financial position and financial performance.

- c. IFRS Accounting Standards issued by the IASB but not yet endorsed and issued into effect by the FSC

| New IFRSs | Effective Date Announced by IASB (Note 1) |
|--|--|
| Amendments to IFRS 10 and IAS 28 “Sale or Contribution of Assets between an Investor and its Associate or Joint Venture” | To be determined by IASB |
| IFRS 18 “Expression and Disclosure in Financial Statements” | January 1, 2027 (Note 2) |
| IFRS 19 “Subsidiaries without Public Accountability: Disclosures” (including amendments for 2025) | January 1, 2027 |
| Amendment to IAS 21 “Translation to a Hyperinflationary Presentation” | January 1, 2027 |

Note 1: Unless stated otherwise, the above New/Revised/Amended Standards and Interpretations are effective for annual reporting periods beginning on or after their respective effective dates.

Note 2: On September 25, 2025, the Financial Supervisory Commission (FSC) announced that domestic enterprises shall adopt IFRS 18 effective January 1, 2028. Early adoption is permitted following the FSC's recognition of IFRS 18.

IFRS 18 “Expression and Disclosure in Financial Statements” and related amendments

IFRS 18 will replace IAS 1 ‘Presentation of Financial Statements’. The main changes in this standard include:

The Company should assess whether it has a specified main business activity of investing in particular types of assets and providing financing to customers, and accordingly classify items of income and expense in the statement of profit or loss into the following categories: operating, investing, financing, income taxes, and discontinued operations.

The income statement should report operating income, pre-financing income before tax, as well as subtotals and totals of income.

Provide guidance to strengthen the consolidation and subdivision provisions: The Company must identify assets, liabilities, equity, income, expenses, and cash flows from individual transactions or other matters, and classify and consolidate them based on common characteristics, so that each line item reported in the main financial statements has at least one similar characteristic. The items with dissimilar characteristics should be classified in the main financial statements and notes. When the Company cannot find a more informative name, it will label such items as “Other”.

Disclosure of performance measures defining management levels: When the Company engages in public communication outside of financial statements and communicates the perspective of management levels on the overall financial performance of the Company, relevant information regarding the disclosure of performance measures should be disclosed in a single note to the financial statements. This includes the description of the measures, how they are calculated, adjustments to subtotals or totals as defined by IFRS accounting standards, and the impact of income tax and non-controlling interests related to the adjustments.

In addition, IAS 7 “Statement of Cash Flows” will be amended accordingly as follows:

When the Company prepares cash flows from operating activities using the indirect method, operating profit or loss shall be used as the starting point for reconciliation.

Interest and dividends received by the Company shall be classified as investing activities, while interest and dividends paid shall be classified as financing activities. If the Company is assessed to have a specified main business activity, it shall consider the classification of dividend income, interest income, and interest expense presented in the statement of profit or loss, and determine the classification of dividends received, interest received, and interest paid in the statement of cash flows accordingly. However, each of the aforementioned cash flows may be classified in only one category of activities in the statement of cash flows.

Except for the above impact, as of the date the financial statements were authorized for issue, the Company is continuously assessing other possible impacts that the application of various standards and interpretations will have on the Company's financial position and financial performance and will disclose the relevant impact when the assessment is completed.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a. Statement of compliance

The financial statements have been prepared in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers.

b. Basis of preparation

The financial statements have been prepared on the historical cost basis except for financial instruments that are measured at fair value and net defined benefit liabilities which are measured at present value of the defined benefit obligation less the fair value of plan assets.

The fair value measurements are grouped into Levels 1 to 3 based on the degree to which the fair value measurement inputs are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- 1) Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities;
- 2) Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for an asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- 3) Level 3 inputs are unobservable inputs for an asset or liability.

When preparing the financial statements, the Company used the equity method to account for its investments in subsidiaries and associates. In order for the amounts of the net profit for the year, other comprehensive income for the year and total equity in the financial statements to be the same with the amounts attributable to the owners of the Company in its consolidated financial statements, adjustments arising from the differences in accounting treatments between the parent company only basis and the consolidated basis were made to investments accounted for using the equity method, the share of profit or loss of subsidiaries and associates, the share of other comprehensive income of subsidiaries and associates and the related equity items, as appropriate, in these financial statements.

c. Classification of current and non-current assets and liabilities

Current assets include:

- 1) Assets held primarily for the purpose of trading;
- 2) Assets expected to be realized within 12 months after the reporting period; and
- 3) Cash and cash equivalents unless the asset is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period.

Current liabilities include:

- 1) Liabilities held primarily for the purpose of trading;
- 2) Liabilities due to be settled within 12 months after the reporting period even if an agreement to refinance, or to reschedule payments, on a long-term basis is completed after the reporting period and before the financial statements are authorized for issue; and
- 3) On the balance sheet date, there is no substantive right to defer the maturity date of liabilities to at least 12 months after the balance sheet date.

Assets and liabilities that are not classified as current are classified as non-current.

d. Foreign Currency

In preparing the financial statements of the Company, transactions in currencies other than the Company's functional currency (i.e. foreign currencies) are recognized at the rates of exchange prevailing at the dates of the transactions.

At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Exchange differences on monetary items arising from settlement or translation are recognized in profit or loss in the period in which they arise.

Non-monetary items measured at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Exchange differences arising from the retranslation of non-monetary items are included in profit or loss for the period except for exchange differences arising from the retranslation of non-monetary items in respect of which gains and losses are recognized directly in other comprehensive income, in which case, the exchange differences are also recognized directly in other comprehensive income.

Non-monetary items that are measured at historical cost in a foreign currency are translated using the exchange rate at the date of the transaction (ie., not retranslated).

For the purposes of presenting financial statements, the assets and liabilities of the Company's foreign operations (including of the associates in other countries or currencies which are different from the currency of the Company) are translated into New Taiwan dollars using exchange rates prevailing at the end of each reporting period. Income and expense items are translated at the average exchange rates for the period. Exchange differences arising are recognized in other comprehensive income.

On the disposal of a foreign operation (i.e. a disposal of the Company's entire interest in a foreign operation, or a disposal involving loss of control over a subsidiary that includes a foreign operation), all of the exchange differences accumulated in equity in respect of that operation are reclassified to profit or loss.

In relation to a partial disposal of a subsidiary that does not result in the Company losing control over the subsidiary, the proportionate share of accumulated exchange differences is included in the calculation of equity transactions but is not recognized in profit or loss. For all other partial disposals, the proportionate share of the accumulated exchange differences recognized in other comprehensive income is reclassified to profit or loss.

e. Inventories

Inventories consist of raw materials, production supplies, finished goods and work in progress and are stated at the lower of cost or net realizable value. Inventory write-downs are made by item, except where it may be appropriate to group similar or related items. The net realizable value is the estimated selling price of inventories less all estimated costs of completion and costs necessary to make the sale. Inventories are recorded at the weighted-average cost on the balance sheet date.

f. Investments in subsidiaries

The Company uses the equity method to account for its investments in subsidiaries and associates.

A subsidiary is an entity that is controlled by the Company.

Under the equity method, an investment in a subsidiary is initially recognized at cost and adjusted thereafter to recognize the Company's share of the profit or loss and other comprehensive income of the subsidiary. The Company also recognizes the changes in the Company's share of equity of subsidiaries.

Changes in the Company's ownership interest in a subsidiary that do not result in the Company losing control of the subsidiary are accounted for as equity transactions. The Company recognizes directly in equity any difference between the carrying amount of the investment and the fair value of the consideration paid or received.

When the Company's share of loss of a subsidiary exceeds its interest in that subsidiary (which includes any carrying amount of the investment accounted for using the equity method and long-term interests that, in substance, form part of the Company's net investment in the subsidiary), the Company continues recognizing its share of further loss, if any.

Any excess of the cost of acquisition over the Company's share of the net fair value of the identifiable assets and liabilities of a subsidiary that forms part of the business at the date of acquisition is recognized as goodwill, which is included within the carrying amount of the investment and is not amortized. Any excess of the Company's share of the net fair value of the identifiable assets and liabilities over the cost of acquisition is recognized immediately in profit or loss.

The Company assesses its investment for any impairment by comparing the carrying amount with the estimated recoverable amount as assessed based on the investee's financial statements as a whole. Impairment loss is recognized when the carrying amount exceeds the recoverable amount. If the recoverable amount of the investment subsequently increases, the Company recognizes the reversal of the impairment loss; the adjusted post-reversal carrying amount should not exceed the carrying amount that would have been recognized (net of amortization or depreciation) had no impairment loss been recognized in prior years. An impairment loss recognized on goodwill cannot be reversed in a subsequent period.

When the Company loses control of a subsidiary, it recognizes the investment retained in the former subsidiary at its fair value at the date when control is lost. The difference

between the fair value of the retained investment plus any consideration received and the carrying amount of the previous investment at the date when control is lost is recognized as a gain or loss in profit or loss. Besides this, the Company accounts for all amounts previously recognized in other comprehensive income in relation to that subsidiary on the same basis as would be required had the Company directly disposed of the related assets or liabilities.

Unrealized profit or loss resulting from downstream transactions is eliminated in full in the financial statements. Profit and loss resulting from upstream transactions and transactions between subsidiaries are recognized in the financial statements and only to the extent of interests in the subsidiaries that are not related to the Company.

g. Investments in associates

An associate is an entity over which the Company has significant influence and which is neither a subsidiary nor a joint venture.

The Company uses the equity method for its investments in associates. Under the equity method, investments in an associate are initially recognized at cost and adjusted thereafter to recognize the Company's share of the profit or loss and other comprehensive income of the associate. The Company also recognizes the changes in the Company's share of the equity of associates attributable to the Company.

Any excess of the cost of acquisition over the Company's share of the net fair value of the identifiable assets and liabilities of an associate at the date of acquisition is recognized as goodwill, which is included within the carrying amount of the investment and is not amortized. Any excess of the Company's share of the net fair value of the identifiable assets and liabilities over the cost of acquisition is recognized immediately in profit or loss.

When the Company subscribes for additional new shares of an associate at a percentage different from its existing ownership percentage, the resulting carrying amount of the investment differs from the amount of the Company's proportionate interest in the associate. The Company records such a difference as an adjustment to investments with the corresponding amount charged or credited to capital surplus - changes in capital surplus from investments in associates accounted for using the equity method. If the Company's ownership interest is reduced due to its additional subscription of the new shares of the associate, the proportionate amount of the gains or losses previously recognized in other comprehensive income in relation to that associate is reclassified to profit or loss on the same basis as would be required had the investee directly disposed

of the related assets or liabilities. When the adjustment should be debited to capital surplus, but the capital surplus recognized from investments accounted for using the equity method is insufficient, the shortage is debited to retained earnings.

When the Company's share of losses of an associate equals or exceeds its interest in that associate (which includes any carrying amount of the investment accounted for using the equity method and long-term interests that, in substance, form part of the Company's net investment in the associate), the Company discontinues recognizing its share of further losses. Additional losses and liabilities are recognized only to the extent that the Company has incurred legal obligations, or constructive obligations, or made payments on behalf of that associate.

The entire carrying amount of an investment (including goodwill) is tested for impairment as a single asset by comparing its recoverable amount with its carrying amount. Any impairment loss recognized is not allocated to any asset that forms part of the carrying amount of the investment. Any reversal of that impairment loss is recognized to the extent that the recoverable amount of the investment subsequently increases.

The Company discontinues the use of the equity method from the date on which its investment ceases to be an associate. Any retained investment is measured at fair value at that date, and the fair value is regarded as the investment's fair value on initial recognition as a financial asset. The difference between the previous carrying amount of the associate attributable to the retained interest and its fair value is included in the determination of the gain or loss on disposal of the associate. The Company accounts for all amounts previously recognized in other comprehensive income in relation to that associate on the same basis as would be required if that associate had directly disposed of the related assets or liabilities.

When the Company transacts with its associate, profits and losses resulting from the transactions with the associate are recognized in the Company's financial statements only to the extent that interests in the associate are not related to the Company.

h. Property, plant and equipment

Property, plant and equipment are initially measured at cost and subsequently measured at cost less accumulated depreciation and accumulated impairment loss.

Property, plant and equipment in the course of construction are measured at cost less any recognized impairment loss. Cost includes professional fees and borrowing costs eligible for capitalization. Samples of these assets are measured at the lower of cost or

net realizable value when the assets are tested for proper functioning before realizing their intended use, and the sales price and cost are recognized in profit or loss. Such assets are depreciated and classified to the appropriate categories of property, plant and equipment when completed and ready for their intended use.

Except for freehold land which is not depreciated, the depreciation of property, plant and equipment is recognized using the straight-line method. Each significant part is depreciated separately. The estimated useful lives, residual values and depreciation methods are reviewed at the end of each reporting period, with the effects of any changes in the estimates accounted for on a prospective basis.

On derecognition of an item of property, plant and equipment, the difference between the sales proceeds and the carrying amount of the asset is recognized in profit or loss.

i. Investment properties

Investment properties are properties held to earn rental and/or for capital appreciation (including right-of-use assets if the definition of investment properties is met).

Investment properties also include land held for a currently undetermined future use.

Investment properties are initially measured at cost, including transaction costs. Subsequent to initial recognition, investment properties are measured at cost less accumulated depreciation and accumulated impairment loss.

Investment properties acquired through leases were initially measured at cost, which comprises the initial measurement of lease liabilities adjusted for lease payments made on or before the commencement date, plus initial direct costs incurred and an estimate of costs needed to restore the underlying assets, less any lease incentives received. These investment properties are subsequently measured at cost less accumulated depreciation and accumulated impairment loss and adjusted for any remeasurement of the lease liabilities.

Depreciation is recognized using the straight-line method.

On derecognition of an investment property, the difference between the net disposal proceeds and the carrying amount of the asset is included in profit or loss.

j. Intangible Assets

1) Acquired separately

Intangible assets with finite useful lives that are acquired separately are initially measured at cost and subsequently measured at cost less accumulated amortization and accumulated impairment loss. Amortization is recognized on a straight-line basis. The estimated useful lives, residual values, and amortization methods are

reviewed at the end of each year, with the effects of any changes in the estimates accounted for on a prospective basis.

2) Derecognition

On derecognition of an intangible asset, the difference between the net disposal proceeds and the carrying amount of the asset is recognized in profit or loss.

k. Impairment of property, plant and equipment, right-of-use assets, investment property and intangible assets

At each balance sheet date, the Company assesses whether there is any indication that property, plant and equipment, right-of-use assets, investment property and intangible assets may have been impaired. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. Corporate assets are allocated to the individual cash-generating units on a reasonable and consistent basis of allocation.

The recoverable amount is the higher of fair value less costs to sell and value in use. If the recoverable amount of an asset or cash-generating unit is estimated to be less than its carrying amount, the carrying amount of the asset or cash-generating unit is reduced to its recoverable amount, with the resulting impairment loss recognized in profit or loss.

When an impairment loss is subsequently reversed, the carrying amount of the corresponding asset or cash-generating unit is increased to the revised estimate of its recoverable amount, but only to the extent of the carrying amount that would have been determined had no impairment loss been recognized on the asset or cash-generating unit in prior years. A reversal of an impairment loss is recognized in profit or loss.

l. Financial Instruments

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to an acquisition or issuance of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs

directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in profit or loss.

1) Financial assets

All regular way purchases or sales of financial assets are recognized and derecognized on a trade date basis.

a) Measurement categories

Financial assets are classified into the following categories: Financial assets at FVTPL, financial assets at amortized cost and equity instruments at FVTOCI.

i. Financial assets at FVTPL

Financial asset is classified as at FVTPL when such a financial asset is mandatorily classified. Financial assets mandatorily classified as at FVTPL include investments in equity instruments which are not designated as at FVTOCI and liability instrument investments that do not meet the amortized cost criteria or the FVTOCI criteria.

Financial assets at FVTPL are subsequently measured at fair value, and any dividends or interest earned on such financial assets are recognized in other income and interest income, respectively; any remeasurement gains or losses on such financial assets are recognized in other gains or losses. Fair value is determined in the manner described in Note 27.

ii. Financial assets at amortized cost

Financial assets that meet the following conditions are subsequently measured at amortized cost:

- i) The financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- ii) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Subsequent to initial recognition, financial assets measured at amortized cost, including cash and cash equivalents, accounts receivable, other receivables and refundable deposits, are measured at amortized cost, which equals the gross carrying amount determined using the effective interest method, less any impairment loss. Exchange differences are recognized in profit or loss.

Interest income is calculated by applying the effective interest rate to the gross carrying amount of such a financial asset.

A financial asset is credit impaired when one or more of the following events have occurred: Significant financial difficulty of the issuer or the borrower; Breach of contract, such as a default; It is becoming probable that the borrower will enter bankruptcy or undergo a financial reorganization; or the disappearance of an active market for that financial asset because of financial difficulties.

Cash equivalents include time deposits with original maturities, which are highly liquid, readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value. These cash equivalents are held for the purpose of meeting short-term cash commitments.

iii. Investments in equity instruments at FVTOCI

On initial recognition, the Company may make an irrevocable election to designate investments in equity instruments as at FVTOCI. Designation as at FVTOCI is not permitted if the equity investment is held for trading or if it is contingent consideration recognized by an acquirer in a business combination.

Investments in equity instruments at FVTOCI are subsequently measured at fair value with gains and losses arising from changes in fair value recognized in other comprehensive income and accumulated in other equity. The cumulative gain or loss will not be reclassified to profit or loss on disposal of the equity investments; instead, it will be transferred to retained earnings.

Dividends on these investments in equity instruments are recognized in profit or loss when the Company's right to receive the dividends is established, unless the dividends clearly represent a recovery of part of the cost of the investment.

b) Impairment of financial assets

The Company recognizes a loss allowance for expected credit losses on financial assets at amortized cost (including accounts receivable).

The Company always recognizes lifetime expected credit losses (ECLs) for accounts receivable. For all other financial instruments, the Company recognizes lifetime ECLs when there has been a significant increase in credit

risk since initial recognition. If, on the other hand, the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month ECLs.

Expected credit losses reflect the weighted average of credit losses with the respective risks of default occurring as the weights. Lifetime ECLs represent the expected credit losses that will result from all possible default events over the expected life of a financial instrument. In contrast, 12-month ECLs represent the portion of lifetime ECLs that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

For internal credit risk management purposes, the Company determines that the following situations indicate that a financial asset is in default:

- i. Internal or external information show that the debtor is unlikely to pay its creditors.
- ii. When a financial asset is past due unless the Company has reasonable and corroborative information to support a more lagged default criterion.

The impairment loss of financial assets is recognized in profit or loss by a reduction in their carrying amounts through a loss allowance account.

c) Derecognition of financial assets

The Company derecognizes a financial asset only when the contractual rights to the cash flows from the asset expire or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset at amortized cost in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognized in profit or loss. On derecognition of an investment in an equity instrument at FVTOCI, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognized in profit or loss, and the cumulative gain or loss which had been recognized in other comprehensive income is transferred directly to retained earnings, without reclassifying to profit or loss.

2) Equity instruments

Debt and equity instruments issued by the Company are classified as either financial liabilities or equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments issued by the Company are recognized at the proceeds received after deducting direct issue costs.

Repurchase of the Company's own equity instruments is recognized in and deducted directly from equity. The carrying amount is calculated as the weighted average amount by type of stock. No gain or loss is recognized in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

3) Financial liabilities

a) Subsequent measurement

Except the following situation, all the financial liabilities are measured at amortized cost using the effective interest method.

Financial liabilities at FVTPL

Financial liabilities are classified as at FVTPL when such financial liabilities are held for trading.

Financial liabilities held for trading are stated at fair value, and any gains or losses on such financial liabilities are recognized in other gains or losses.

Fair value is determined in the manner described in Note 27.

b) Derecognition of financial liabilities

The difference between the carrying amount of a financial liability derecognized and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognized in profit or loss.

4) Derivative instruments

The Company enters into a variety of derivative financial instruments to manage its exposure to foreign exchange rate risks, including foreign exchange forward contracts.

Derivatives are initially recognized at fair value at the date on which the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognized in profit or loss immediately. When the fair value of a derivative financial instrument is positive, the derivative is recognized as a financial asset; when the fair value of a

derivative financial instrument is negative, the derivative is recognized as a financial liability.

m. Revenue recognition

The Company identifies contracts with customers, allocates the transaction price to the performance obligations and recognizes revenue when performance obligations are satisfied.

Revenue from sale of goods

Revenue from the sale of goods comes from sale of LDPE, MDPE and EVA. Sales are recognized as revenue when the goods are delivered to the customer's specific location or the goods are shipped because it is the time when the customer has full discretion over the manner of distribution and price to sell the goods, has the primary responsibility for sales to future customers and bears the risks of obsolescence. Accounts receivable are recognized concurrently.

n. lease

At the inception of a contract, the Company assesses whether the contract is, or contains, a lease.

1) The Company as lessor

Leases are classified as finance leases whenever the terms of a lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

When the Company subleases a right-of-use asset, the sublease is classified by reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. However, if the head lease is a short-term lease that the Company, as a lessee, has accounted for applying recognition exemption, the sublease is classified as an operating lease.

Lease payments (less any lease incentives payable) from operating leases are recognized as income on a straight-line basis over the terms of the relevant leases. Initial direct costs incurred in obtaining operating leases are added to the carrying amounts of the underlying assets and recognized as expenses on a straight-line basis over the lease terms.

2) The Company as lessee

The Group recognizes right-of-use assets and lease liabilities for all leases at the commencement date of a lease, except for short-term leases and low-value asset

leases accounted for applying a recognition exemption where lease payments are recognized as expenses on a straight-line basis over the lease terms.

Right-of-use assets are initially measured at cost, which comprises the initial measurement of lease liabilities adjusted for lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs needed to restore the underlying assets, and less any lease incentives received. Right-of-use assets are subsequently measured at cost less accumulated depreciation and impairment losses and adjusted for any remeasurement of the lease liabilities. Right-of-use assets are presented on a separate line in the balance sheets, except for those that meet the definition of investment properties. With respect to the recognition and measurement of right-of-use assets that meet the definition of investment properties, refer to Note 9 for the accounting policies for investment properties.

Right-of-use assets are depreciated using the straight-line method from the commencement dates to the earlier of the end of the useful lives of the right-of-use assets or the end of the lease terms.

Lease liabilities are initially measured at the present value of the lease payments. The lease payments are discounted using the interest rate implicit in a lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses the lessee's incremental borrowing rate.

Subsequently, lease liabilities are measured at amortized cost using the effective interest method, with interest expense recognized over the lease terms. Lease liabilities are presented separately on the balance sheets.

o. Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets are added to the costs of those assets, until such time as the assets are substantially ready for their intended use or sale. Other than those stated above, all other borrowing costs are recognized in profit or loss in the period in which they are incurred.

p. Government grant

A government grant is recognized only when it can be reasonably assured that the Company will comply with the conditions imposed by the government grant and that such grant will be received.

Government grants relating to income are recognized in other income on a systematic basis over the periods in which the Company recognizes expenses for the related costs

for which the grants are intended to compensate. Government grants whose condition is that the Company should purchase, construct or otherwise acquire the non-current assets are recognized as deferred income, which should be transferred to profit or loss over the useful lives of the related assets on a reasonable and systematic basis.

If the government grant is used to compensate expenses or losses already incurred or is given to the Company for the purpose of immediate financial support without related costs in the future, it can be recognized in profit or loss within the collectible period.

For government subsidy loan with lower than market interest rates obtained by the Company, the difference between the loan amount received and the fair value of the loan based on the prevailing market interest rate is recognized as a government grant.

q. Provision for carbon fee liabilities

The provision for carbon fee liabilities recognized in accordance with Taiwan's Regulations Governing the Collection of Carbon Fees and related laws are based on the best estimate of expenses required to settle the current year's obligations, and are recognized and measured in proportion to actual emissions relative to total annual emissions.

r. Employee benefits

1) Short-term employee benefits

Liabilities recognized in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related services.

2) Post-employment benefits

Payments to defined contribution retirement benefit plans are recognized as expenses when employees have rendered service entitling them to the contributions. Defined benefit costs (including service cost, net interest and rereasurement) under the defined benefit retirement benefit plans are determined using the projected unit credit method. Service cost (including current service cost) and net interest on the net defined benefit liabilities (assets) are recognized as employee benefits expense in the period in which they occur. Rereasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling and the return on plan assets (excluding interest), is recognized in other comprehensive income in the period in which it occurs. Rereasurement recognized in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to profit or loss.

Net defined benefit liabilities (assets) represent the actual deficit (surplus) in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any refunds from the plans or reductions in future contributions to the plans.

s. Taxation

Income tax expense represents the sum of the tax currently payables and deferred income tax.

1) Current tax

The Company determines the income (loss) of the current year in accordance with the laws and regulations in the Republic of China, and calculates the income tax payable (recoverable) accordingly.

According to the Income Tax Law, an additional tax of unappropriated earnings is provided for in the year the shareholders approve to retain earnings.

Adjustments of prior years' tax liabilities are added to or deducted from the current year's tax provision.

2) Deferred income tax

Deferred income tax is recognized on temporary differences between the carrying amounts of assets and liabilities and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences.

Deferred income tax liabilities are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profit will be available against which those deductible temporary differences can be utilized.

Deferred income tax liabilities are recognized for taxable temporary differences associated with investments in subsidiaries and associates, except where the Company is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred income tax asset arising from deductible temporary differences associated with such investments and interests are recognized only to the extent that it is probable that there will be sufficient taxable profit against which to utilize the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred income tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the assets to be

recovered. A previously unrecognized deferred income tax asset is also reviewed at the end of each reporting period and recognized to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered. Deferred income tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liabilities are settled or the assets are realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The measurement of deferred income tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

3) Current and deferred income taxes

Current and deferred income taxes are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred taxes are also recognized in other comprehensive income or directly in equity, respectively.

5. **CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY**

In the application of the Company's accounting policies, management is required to make judgments, estimations and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered relevant. Actual results may differ from these estimates.

The Company takes into account the potential impacts when developing critical accounting estimates, and the management will continue to review the estimates and underlying assumptions.

Key sources of estimation uncertainty

Estimation of damage compensation for associate's gas explosion incidents

The Group's associate, China General Terminal & Distribution Corporation (hereinafter "CGTD"), recognized a provision for civil damages due to gas explosion. The management considered the progress of the relevant civil and criminal procedures, settlements achieved, and legal advice to estimate the amount of the provision. However, the actual amount might differ from the current estimation.

6. CASH AND CASH EQUIVALENTS

| | <u>December 31, 2025</u> | <u>December 31, 2024</u> |
|---|--------------------------|--------------------------|
| Cash on hand and revolving funds | \$ 46 | \$ 79 |
| Checking accounts and demand deposits | 107,711 | 106,039 |
| Cash equivalents | | |
| Time deposits | 300,000 | 306,798 |
| Reverse repurchase agreements collateralized by bonds | - | <u>878,682</u> |
| | <u>\$ 407,757</u> | <u>\$ 1,291,598</u> |

At the end of the reporting period, the market rate intervals for bank deposits and reverse repurchase agreements collateralized by bonds were as follows:

| | <u>December 31, 2025</u> | <u>December 31, 2024</u> |
|---|--------------------------|--------------------------|
| Time deposits | 1.61%~1.63% | 1.00%~4.28% |
| Reverse repurchase agreements collateralized by bonds | - | 1.85%~1.93% |

7. FINANCIAL INSTRUMENTS AT FAIR VALUE THROUGH PROFIT OR LOSS (FVTPL)

| | <u>December 31, 2025</u> | <u>December 31, 2024</u> |
|---|--------------------------|--------------------------|
| <u>Financial assets - current</u> | | |
| Mandatorily classified as at FVTPL | | |
| Non-derivative financial assets | | |
| — Domestic listed shares | 103,200 | 63,400 |
| — Foreign listed shares | 20,937 | 18,369 |
| — Mutual funds | 209,397 | 229,862 |
| — Beneficiary securities | <u>58,363</u> | <u>62,214</u> |
| | <u>\$ 391,897</u> | <u>\$ 373,845</u> |
| <u>Financial liabilities - current</u> | | |
| Held for trading | | |
| Derivative instruments (not under hedge accounting) | | |
| — Foreign exchange forward contracts | <u>\$ 676</u> | <u>\$ -</u> |

The net gain on operations of financial assets and liabilities at FVTPL - current in 2025 and 2024 was gain of \$9,893 thousand and \$6,124 thousand, respectively.

At the end of the reporting period, outstanding foreign exchange forward contracts not under hedge accounting on were as follows (December 31, 2024: None):

December 31, 2025

| | <u>Currency</u> | <u>Maturity Date</u> | <u>Notional Amount (thousand)</u> |
|------|-----------------|--|-----------------------------------|
| Sell | USD/NTD | January 6, 2026, to January 8, 2026 | USD 720/NTD 21,951 |

The Company entered into foreign exchange forward contracts to manage exposures to exchange rate fluctuations of foreign currency denominated assets and liabilities. However, those contracts did not meet the criteria of hedge effectiveness and, therefore, were not accounted for using hedge accounting.

8. **FINANCIAL ASSETS AT FVTOCI**

Investments in equity instruments

| | <u>December 31, 2025</u> | <u>December 31, 2024</u> |
|----------------------|--------------------------|--------------------------|
| <u>Current</u> | | |
| Domestic investments | | |
| Listed shares | <u>\$ 15,973</u> | <u>\$ 14,054</u> |
| <u>Non-current</u> | | |
| Domestic investments | | |
| Listed shares | \$ 1,773,779 | \$ 1,779,122 |
| Unlisted shares | <u>105,904</u> | <u>117,282</u> |
| | <u>\$ 1,879,683</u> | <u>\$ 1,896,404</u> |

These investments in equity instruments are held for medium- to long-term strategic purposes. Accordingly, the management elected to designate these investments in equity instruments as at FVTOCI as they believe that recognizing short-term fluctuations in these investments' fair value in profit or loss would not be consistent with the Company's strategy of holding these investments for long-term purposes.

The investee, KHL IB Venture Capital Co., Ltd., reduced its capital and returned cash to its shareholders in February and December 2025, respectively. The Company received NT\$11,802 thousand back in total, according to its shareholding ratio.

In August 2025, the Company adjusted the investment position to diversify risks and sold a portion of its common shares of PELL Bio-Med Technology Co. Ltd. at fair value. The related unrealized gains of \$12,245 thousand booked in other equity - financial assets at fair value through other comprehensive income were transferred to retained earnings.

The Company recognized dividend income of NT\$39,090 thousand and NT\$72,331 thousand for 2025 and 2024, respectively.

9. FINANCIAL ASSETS AT AMORTIZED COST

| | <u>December 31, 2025</u> | <u>December 31, 2024</u> |
|--|--------------------------|--------------------------|
| <u>Current</u> | | |
| Reverse repurchase agreements collateralized by bonds with original maturities of more than 3 months | <u>\$ 297,317</u> | <u>\$ -</u> |
| Range of interest rates | | |
| Reverse repurchase agreements collateralized by bonds with original maturities of more than 3 months | 1.70%~1.72% | - |

10. ACCOUNTS RECEIVABLE

| | <u>December 31, 2025</u> | <u>December 31, 2024</u> |
|--|--------------------------|--------------------------|
| <u>Accounts receivable</u> | | |
| At amortized cost | | |
| Gross carrying amount | \$ 166,855 | \$ 378,996 |
| Less: Allowance for loss | (<u>2,000</u>) | (<u>2,000</u>) |
| | <u>\$ 164,855</u> | <u>\$ 376,996</u> |
| Accounts receivable from related parties (Note 28) | <u>\$ 87,874</u> | <u>\$ 93,439</u> |

The average credit period of sales of goods was 15-90 days. No interest was charged on accounts receivable since the credit period was short.

In order to minimize credit risk, the management of the Company has delegated a team responsible for determining credit limits, credit approvals and other monitoring procedures to ensure that follow-up action is taken to recover overdue debts. In addition, the Company reviews the recoverable amount of each individual trade debt at the end of the reporting period to ensure that adequate allowance is made for possible irrecoverable amounts. In this regard, the management believes the Company's credit risk was significantly reduced.

The Company applies the simplified approach to providing for expected credit losses, which permits the use of lifetime expected loss provision for all accounts receivable. The expected credit losses on accounts receivable are estimated using a provision matrix by reference to past default experience of the debtor and an analysis of the debtor's current financial position, adjusted for general economic conditions of the industry in which the debtors operate and an assessment of both the current as well as the forecast direction of economic conditions at the reporting date.

The following table details the loss allowance of accounts receivable based on the Company's provision matrix:

December 31, 2025

| | <u>Not Past Due</u> | <u>Overdue by 1 to 60 days</u> | <u>Overdue by 61 to 90 days</u> | <u>Grand total</u> |
|-------------------------------|---------------------|------------------------------------|-------------------------------------|--------------------|
| Gross carrying amount | \$ 254,729 | \$ - | \$ - | \$ 254,729 |
| Loss allowance (Lifetime ECL) | (2,000) | - | - | (2,000) |
| Amortized cost | <u>\$ 252,729</u> | <u>\$ -</u> | <u>\$ -</u> | <u>\$ 252,729</u> |

December 31, 2024

| | <u>Not Past Due</u> | <u>Overdue by 1 to 60 days</u> | <u>Overdue by 61 to 90 days</u> | <u>Grand total</u> |
|-------------------------------|---------------------|------------------------------------|-------------------------------------|--------------------|
| Gross carrying amount | \$ 472,435 | \$ - | \$ - | \$ 472,435 |
| Loss allowance (Lifetime ECL) | (2,000) | - | - | (2,000) |
| Amortized cost | <u>\$ 470,435</u> | <u>\$ -</u> | <u>\$ -</u> | <u>\$ 470,435</u> |

The above aging schedule was based on the number of days past due.

The movements of the loss allowance of accounts receivable were as follows:

| | <u>2025</u> | <u>2024</u> |
|--|-----------------|-----------------|
| Balance at beginning and end of the year | <u>\$ 2,000</u> | <u>\$ 2,000</u> |

11. INVENTORIES

| | <u>December 31, 2025</u> | <u>December 31, 2024</u> |
|---------------------|--------------------------|--------------------------|
| Finished goods | \$ 490,295 | \$ 382,318 |
| Work in process | 30,288 | 23,070 |
| Raw materials | 102,929 | 103,772 |
| Production supplies | <u>56,536</u> | <u>52,093</u> |
| | <u>\$ 680,048</u> | <u>\$ 561,253</u> |

The cost of goods sold for the years 2025 and 2024 includes amounts of NT\$(13,687) thousand and NT\$11,562 thousand, respectively, from losses for market price decline and obsolete and slow-moving inventories (gain from price recovery of inventory). The increase in net realizable value of inventory is due to the rise in selling prices in the market.

12. INVESTMENTS ACCOUNTED FOR USING THE EQUITY METHOD

| | <u>December 31, 2025</u> | <u>December 31, 2024</u> |
|-----------------------------|--------------------------|--------------------------|
| Investments in subsidiaries | \$ 906,290 | \$ 905,004 |
| Investments in associates | <u>1,865,913</u> | <u>3,049,022</u> |
| | <u>\$ 2,772,203</u> | <u>\$ 3,954,026</u> |

a. Investments in subsidiaries

| | <u>December 31, 2025</u> | <u>December 31, 2024</u> |
|--|--------------------------|--------------------------|
| Unlisted company | | |
| APC (BVI) Holding Co., Ltd. (APC (BVI)) | \$ 701,792 | \$ 693,500 |
| APC Investment Corporation (APCI) | 138,297 | 142,003 |
| USI International Corp. (USIIC) | <u>66,201</u> | <u>69,501</u> |
| | <u>\$ 906,290</u> | <u>\$ 905,004</u> |

The Company's ownership interest and percentage of voting right in subsidiaries at the end of the reporting period were as follows:

| | <u>December 31, 2025</u> | <u>December 31, 2024</u> |
|----------|--------------------------|--------------------------|
| APC(BVI) | 100% | 100% |
| APCI | 100% | 100% |
| USIIC | 70% | 70% |

b. Investments in associates

| | <u>December 31, 2025</u> | <u>December 31, 2024</u> |
|--|--------------------------|--------------------------|
| <u>Material associates</u> | | |
| Ever Conquest Global Ltd. Ever Conquest Global Ltd. (Ever Conquest Global) | \$ 711,201 | \$ 1,767,006 |
| <u>Associates that are not individually material</u> | | |
| <u>Listed company</u> | | |
| China General Plastics Corporation (CGPC) | 623,422 | 705,215 |
| Acme Electronics Corporation (ACME) | 62,704 | 64,521 |
| <u>Unlisted company</u> | | |
| China General Terminal & Distribution Corporation (CGTD) | 287,145 | 302,831 |
| Swanson Plastics Corporation (SPC) | 177,315 | 203,817 |
| Taiwan United Venture Capital Corporation (TUVC) | 2,745 | 2,752 |
| USI Optronics Corporationd (USIO) | <u>1,381</u> | <u>2,880</u> |
| | <u>\$ 1,865,913</u> | <u>\$ 3,049,022</u> |

1) Material associates

| Name of Associates | Nature of Activities | Principal Place of Business | Proportion of Ownership and Voting Rights | |
|----------------------|----------------------|-----------------------------|---|-------------------|
| | | | December 31, 2025 | December 31, 2024 |
| Ever Conquest Global | Reinvestment | British Virgin Islands | 40.87% | 40.87% |

The Company uses the equity method to account for the above associate.

The summarized financial information below represents amounts shown in the associates' financial statements prepared in accordance with IFRS Accounting Standard and adjusted by the Company for equity accounting purposes.

Ever Conquest Global

| | December 31, 2025 | December 31, 2024 |
|---------------------------------------|-----------------------|---------------------|
| Current Assets | \$ 1 | \$ 1 |
| Non-current assets | 1,740,278 | 4,323,787 |
| Equity | <u>\$ 1,740,279</u> | <u>\$ 4,323,788</u> |

| | <u>2025</u> | <u>2024</u> |
| The Company's share of: | | |
| Net loss for the year | (\$ 992,587) | (\$ 901,988) |
| Other comprehensive gain (loss) | (63,218) | 127,910 |
| Total comprehensive income (loss) | <u>(\$ 1,055,805)</u> | <u>(\$ 774,078)</u> |

The Company and USI Corporation signed a joint venture contract for a Fujian Gulei Petrochemical Co., Ltd. investment on April 17, 2014. The related entities of the contract or commitments are Ho Tung Chemical Corporation, LCY Chemical Corporation, Hsin Tay Petroleum Co., Ltd., Chenergy Global Corporation and Lien Hwa Corporation. The main contents of the contract and commitments include: (1) the shareholders establish Ever Victory Global Limited (hereinafter referred to the "EVG") and agree to pass the establishment of the 100% owned company named Dynamic Ever Investments Limited in Hong Kong (hereinafter referred to as the "DEI"), whose purpose is to build oil refineries and produce ethylene as well as

seven other products on the Gulei Peninsula in Zhangzhou, Fujian Province, as approved by the Investment Commission at Taiwan's Ministry of Economic Affairs and according to the operating business permitted by the Joint Venture's board of directors; (2) DEI establishes a joint venture company in accordance with the laws of the People's Republic of China between China Petrochemical Corporation or its affiliated enterprises; Fujian Refining and Chemical Co., Ltd. establishes a joint venture company in accordance with the laws of the People's Republic of China in Fujian Province between China Petrochemical Corporation or its affiliated enterprises (hereinafter referred to as "Gulei Group") and acquire 50% of the shares of Gulei Group.

Furthermore, due to the increase in the investment amount specified in the "Fujian Gulei Petrochemical Co., Ltd. Joint Venture Agreement" signed by DEI and Fujian Refining and Chemical Co., Ltd., some of the counterparties to the original joint venture agreement or commitment are unable to subscribe or participate in the subsequent capital increase procedures according to the proportion of investment as stipulated in the original joint venture agreement. To ensure the continuity and achievement of the business objectives of the original agreement, a joint venture agreement was re-signed on September 30, 2016, and CTCI Corporation was added as a new contract or commitment counterparty. On December 18, 2019, the new joint venture agreement was signed and new counterparties, Fubon Financial Holding Venture Capital Co. and Hongfu Investment Co., Ltd. were added to the agreement as counterparties.

In order to increase Gulei Group's operating capital, Ever Victory Global and Hong Kong Dor Po Investment Company Limited (as "DOR PO") signed a joint venture contract for an investment in DEI on June 5, 2019. According to the joint venture contract, DOR PO will invest US\$109,215 thousand to participate in the capital increase of DEI. As of December 31, 2025, DOR PO had invested US\$103,915 thousand and acquired 15% ownership interest in DEI.

As of December 31, 2025, the Company and USI Corporation had accumulatively invested US\$170,475 thousand (approximately NT\$5,255,587 thousand) and US\$246,670 thousand (approximately NT\$7,645,981 thousand) in Ever Conquest Global, respectively, and re-invested in DEI through Ever Conquest Global's reinvestment in Ever Victory Global. The Company and USI Corporation jointly

hold a proportion of ownership of 67.4% in Ever Victory Global. DEI cumulatively invested a total of RMB4,657,200 thousand in Gulei Group.

- 2) Aggregate information of subsidiaries and associates that are not individually material

| | <u>2025</u> | <u>2024</u> |
|-----------------------------------|-----------------------|------------------|
| The Company's share of: | | |
| Net loss for the year | (\$ 96,413) | (\$ 33,732) |
| Other comprehensive gain (loss) | (<u>22,665</u>) | <u>65,792</u> |
| Total comprehensive income (loss) | (<u>\$ 119,078</u>) | <u>\$ 32,060</u> |

The Company's ownership interest and percentage of voting right in associates at the end of the reporting period were as follows:

| <u>Name of Associates</u> | <u>December 31, 2025</u> | <u>December 31, 2024</u> |
|---------------------------|--------------------------|--------------------------|
| CGPC | 8.07% | 8.07% |
| ACME | 3.19% | 3.19% |
| CGTD | 33.33% | 33.33% |
| SPC | 7.95% | 7.95% |
| TUVC | 8.33% | 8.33% |
| USIO | 9.20% | 9.20% |

Please refer to Table 3 "Related Information and Locations on Investees" and Table 4 "Information on Investments in Mainland China" for the nature of activities, principal places of business and countries of incorporation of the associates.

TUVC convened a shareholders' meeting on June 5, 2024 and resolved and approved to reduce its capital and return cash to its shareholders, with the base date of the capital reduction on June 18, 2024. The Company received NT\$8,327 thousand back in June 2024.

The Company's percentage of ownership over CGPC, ACME, SPC, TUVC and USIO was less than 20%. These associates were accounted for using the equity method, as the Group retained significant influence over them due to the ultimate parent company retaining control over them.

The market prices of the investments accounted for using the equity method in publicly traded shares calculated by the closing price at the end of the reporting period are summarized as follows.

| <u>Name of Associates</u> | <u>December 31, 2025</u> | <u>December 31, 2024</u> |
|---------------------------|--------------------------|--------------------------|
| CGPC | <u>\$ 513,404</u> | <u>\$ 560,290</u> |
| ACME | <u>\$ 193,157</u> | <u>\$ 186,356</u> |

For the years ended December 31, 2025 and 2024, no impairment loss or reversal of impairment loss was recognized.

The accrual of depreciation expenses is conducted on a straight-line basis over the estimated useful lives as follows:

| | |
|--|----------------|
| Buildings and Improvements | |
| Factory and improvements | 15 to 40 years |
| Office building, laboratory and improvements | 10 to 40 years |
| Storage rooms | 11 to 45 years |
| Engineering systems | 35 to 40 years |
| Others | 2 to 20 years |
| Machinery and Equipment | 3 to 22 years |
| Transportation Equipment | 4 to 7 years |
| Other Equipment | 3 to 10 years |

In order to support the relocation of petrochemical storage facilities in the old port area conducted by Taiwan International Ports Corporation Ltd. (“TIPC”), CGTD leases the terminal facilities and back-line lands of Phase II Petrochemical Oil Storage and Transportation Center of Kaohsiung Port Container Center, with the lease term from August 1, 2017 to July 31, 2042. The rent is paid on a quarterly basis. The Board of Directors of the

Company resolved to build the Intercontinental Phase II Petrochemical Oil Products Center in 2019. As of December 31, 2025, the Company has made construction payment of \$866,083 thousand.

14. LEASE ARRANGEMENTS

a. Right-of-use assets

| | <u>December 31, 2025</u> | <u>December 31, 2024</u> |
|---|--------------------------|--------------------------|
| Carrying amounts of right-of-use assets | | |
| Land | <u>\$ 8,092</u> | <u>\$ 8,704</u> |
| | <u>2025</u> | <u>2024</u> |
| Additions of right-of-use assets | <u>\$ 54</u> | <u>\$ -</u> |
| Depreciation charge for right-of-use assets | | |
| Land | \$ 666 | \$ 664 |
| Transportation Equipment | <u>-</u> | <u>34</u> |
| | <u>\$ 666</u> | <u>\$ 698</u> |

Except for the depreciation expense recognized, there was no significant sublease or impairment of the Company's right-of-use assets in 2025 and 2024.

The Company has been subleasing its leasehold office spaces located in Taipei to other companies under operating leases. The related right-of-use assets are presented as investment properties (as set out in Note 15). The amounts disclosed above with respect to the right-of-use assets do not include right-of-use assets that meet the definition of investment properties.

b. Lease liabilities

Range of discount rate for lease liabilities was as follows:

| | <u>December 31, 2025</u> | <u>December 31, 2024</u> |
|----------|--------------------------|--------------------------|
| Land | 1.06% | 1.06% |
| Building | 2.16% | 2.16% |

c. Other lease information

| | <u>2025</u> | <u>2024</u> |
|--|--------------------|--------------------|
| Expenses relating to short-term leases | <u>\$ 3,934</u> | <u>\$ 3,506</u> |
| Total cash outflow for leases | <u>(\$ 11,549)</u> | <u>(\$ 10,082)</u> |

The Company leases certain buildings which qualify as short-term lease. The Company has elected to apply the recognition exemption and thus, did not recognize right-of-use assets and lease liabilities for these leases.

15. INVESTMENT PROPERTIES

| | <u>Land</u> | <u>Buildings and Improvements</u> | <u>Right-of-use assets</u> | <u>Grand total</u> |
|---|-------------------|---------------------------------------|--------------------------------|--------------------|
| <u>Cost</u> | | | | |
| Balance at January 1, 2025 and December 31, 2025 | <u>\$ 370,202</u> | <u>\$ 132,574</u> | <u>\$ 110,180</u> | <u>\$ 612,956</u> |
| <u>Accumulated depreciation</u> | | | | |
| Balance on January 1, 2025 | \$ - | \$ 83,711 | \$ 32,764 | \$ 116,475 |
| Depreciation expenses | <u>-</u> | <u>2,200</u> | <u>7,038</u> | <u>9,238</u> |
| Balance at December 31, 2025 | <u>\$ -</u> | <u>\$ 85,911</u> | <u>\$ 39,802</u> | <u>\$ 125,713</u> |
| Net amount at December 31, 2025 | <u>\$ 370,202</u> | <u>\$ 46,663</u> | <u>\$ 70,378</u> | <u>\$ 487,243</u> |
| <u>Cost</u> | | | | |
| Balance on January 1, 2024 | \$ 370,202 | \$ 132,574 | \$ 34,585 | \$ 537,361 |
| Additions | <u>-</u> | <u>-</u> | <u>75,595</u> | <u>75,595</u> |
| Balance on December 31, 2024 | <u>\$ 370,202</u> | <u>\$ 132,574</u> | <u>\$ 110,180</u> | <u>\$ 612,956</u> |
| <u>Accumulated depreciation</u> | | | | |
| Balance on January 1, 2024 | \$ - | \$ 81,511 | \$ 27,303 | \$ 108,814 |
| Depreciation expenses | <u>-</u> | <u>2,200</u> | <u>5,461</u> | <u>7,661</u> |
| Balance on December 31, 2024 | <u>\$ -</u> | <u>\$ 83,711</u> | <u>\$ 32,764</u> | <u>\$ 116,475</u> |
| Net amount at December 31, 2024 | <u>\$ 370,202</u> | <u>\$ 48,863</u> | <u>\$ 77,416</u> | <u>\$ 496,481</u> |

Right-of-use assets included in investment properties are units of office space and subleased under operating leases.

The investment properties were leased out for 5 years. The lessees do not have bargain purchase options to acquire the investment properties at the expiry of the lease periods.

The maturity analysis of lease payments receivable under operating leases of investment properties as of December 31, 2025 and 2024 was as follows:

| | <u>December 31, 2025</u> | <u>December 31, 2024</u> |
|--------|--------------------------|--------------------------|
| Year 1 | \$ 28,740 | \$ 23,530 |
| Year 2 | 11,056 | 12,984 |
| Year 3 | <u>540</u> | <u>4,573</u> |
| | <u>\$ 40,336</u> | <u>\$ 41,087</u> |

The investment properties held by the Group are depreciated on a straight-line basis over their estimated useful lives as follows:

| | |
|---------------------------------|---------------|
| Buildings and Improvements | |
| Main buildings and improvements | 5 to 50 years |
| Right-of-use assets | 10 years |

The fair value of the investment property (i.e. the land) located in Linyuan Industrial Park, which is for industrial use, cannot be reliably determined due to infrequent market transactions. The investment properties - land (excluding those located in Linyuan Industrial Park), buildings and improvements were not evaluated by the independent appraisers. The fair values of these investment properties were measured by the Company's management with reference to the transaction prices of similar properties in the neighborhood. The fair value of the right-of-use asset was measured using expected rental income deducting the net amount of all expected payments, plus relevant recognized lease liabilities.

As of December 31, 2025 and 2024, the fair values derived from the valuation were as follows:

| | | |
|------------|--------------------------|--------------------------|
| | <u>December 31, 2025</u> | <u>December 31, 2024</u> |
| Fair Value | <u>\$ 1,380,221</u> | <u>\$ 1,529,711</u> |

16. **BORROWINGS**

Long-term borrowings

| | | |
|---|--------------------------|--------------------------|
| | <u>December 31, 2025</u> | <u>December 31, 2024</u> |
| Unsecured borrowings | \$ 786,330 | \$ 1,181,910 |
| Less: Current portion due within one year | (392,774) | (393,755) |
| Long-term borrowings | <u>\$ 393,556</u> | <u>\$ 788,155</u> |
| Range of interest rates | 1.175%~1.675% | 1.175%~1.675% |

In order to fund medium to long-term working capital needs, the Company signed medium to long-term loan agreements with banks with total lines of credit of \$900,000 thousand. The loan agreements will subsequently expire before November 2028 and these lines of credit are on a revolving basis. The lines of credit have not been used as of December 31, 2025.

Through "Action Plan for Accelerated Investment by Domestic Corporations" the Company obtained a low-interest bank loan, which should be used for subsidized eligible projects. The difference between the market interest rate recognized and measured for the bank loan and the interest paid at preferential rate was recognized as government grant.

As of December 31, 2025, the Company's bank loan limit can be found in Note 27.

Some of the Company's loan agreements stipulate that the current ratio and debt ratio as stated on the financial statements shall not be less than a specified percentage, and that if such a percentage fails to be met, the Group shall propose improvement measures to the banks concerned. As of December 31, 2025, the Company did not violate these financial ratios and terms.

17. ACCOUNTS PAYABLE (INCLUDING RELATED PARTIES)

| | <u>December 31, 2025</u> | <u>December 31, 2024</u> |
|----------------------------------|--------------------------|--------------------------|
| Arising from operation (Note 28) | <u>\$ 208,805</u> | <u>\$ 249,973</u> |

The average credit period was approximately 30 days. The Company had financial risk management policies in place to ensure that all payables were paid within the pre-agreed credit terms.

18. OTHER PAYABLES FROM UNRELATED PARTIES

| | <u>December 31, 2025</u> | <u>December 31, 2024</u> |
|----------------------------------|--------------------------|--------------------------|
| Payables for utilities | \$ 56,908 | \$ 53,870 |
| Payables for salaries or bonuses | 52,233 | 48,405 |
| Payables for equipment | 10,151 | 63,623 |
| Payables for surrogate shopping | 12,123 | 16,421 |
| Payables for freight fees | 8,515 | 10,886 |
| Payables for dividends | 8,090 | 11,521 |
| Payables for insurance | 5,354 | 2,311 |
| Others | <u>24,252</u> | <u>23,607</u> |
| | <u>\$ 177,626</u> | <u>\$ 230,644</u> |

19. PROVISION FOR LIABILITIES (December 31, 2024: None)

| | <u>December 31,</u> <u>2025</u> |
|----------------|------------------------------------|
| <u>Current</u> | |
| Carbon fee | <u>\$ 24,907</u> |

The Company has recognized provisions for carbon fee liabilities in accordance with Taiwan's Regulations Governing the Collection of Carbon Fees and related laws starting from 2025. The Company's provisions for carbon fee liabilities are calculated based on the standard rate.

20. RETIREMENT BENEFIT PLANS

a. Defined contribution plans

The Company adopted a pension plan under the Labor Pension Act (the “LPA”), which is a state-managed defined contribution plan. Under the LPA, an entity makes monthly contributions to employees’ individual pension accounts at 6% of monthly salaries and wages.

b. Defined benefit plans

The defined benefit plan adopted by the Company in accordance with the Labor Standards Law is operated by the government of the ROC. Pension benefits are calculated on the basis of the length of service and average monthly salaries of the 6 months before retirement. The Company contributes amounts equal to 10% of total monthly salaries and wages to a pension fund administered by the pension fund monitoring committee. Pension contributions are deposited in the Bank of Taiwan in the committee’s name. If the estimated balance of the account before the end of the year is not enough to pay for the workers who are qualified for retirement in the following year, the contribution of the difference will be made in one lump sum by the end of March of the following year. The pension fund is managed by the Bureau of Labor Funds, Ministry of Labor (“the Bureau”); the Company has no right to influence the investment policy and strategy.

The amounts included in the balance sheets in respect of the Company’s defined benefit plans were as follows:

| | <u>December 31, 2025</u> | <u>December 31, 2024</u> |
|---|--------------------------|--------------------------|
| Present Value of the Defined Benefit Obligation | \$ 228,387 | \$ 218,464 |
| Fair Value of the Plan Assets | (<u>155,676</u>) | (<u>137,256</u>) |
| Net defined benefit liabilities | <u>\$ 72,711</u> | <u>\$ 81,208</u> |

Movements in net defined benefit liabilities (assets) were as follows:

| | Present Value of the Defined Benefit Obligation | Fair Value of the Plan Assets | Net Defined Benefit Liabilities (Assets) |
|--|--|----------------------------------|---|
| Balance on January 1, 2025 | <u>\$ 218,464</u> | <u>(\$ 137,256)</u> | <u>\$ 81,208</u> |
| Service cost | | | |
| Current service cost | 998 | - | 998 |
| Net interest expense (income) | <u>3,277</u> | <u>(2,132)</u> | <u>1,145</u> |
| Recognized in Profit or Loss | <u>4,275</u> | <u>(2,132)</u> | <u>2,143</u> |
| Remeasurement | | | |
| Return on plan assets (excluding amounts included in net interest) | - | <u>(10,257)</u> | <u>(10,257)</u> |
| Actuarial loss - changes in financial assumptions | 2,954 | - | 2,954 |
| Actuarial loss - experience adjustments | <u>4,159</u> | <u>-</u> | <u>4,159</u> |
| Recognized in Other Comprehensive Income | <u>7,113</u> | <u>(10,257)</u> | <u>(3,144)</u> |
| Contributions from the employer | - | <u>(7,496)</u> | <u>(7,496)</u> |
| Benefits paid | <u>(1,465)</u> | <u>1,465</u> | <u>-</u> |
| Balance at December 31, 2025 | <u>\$ 228,387</u> | <u>(\$ 155,676)</u> | <u>\$ 72,711</u> |
| Balance on January 1, 2024 | <u>\$ 238,574</u> | <u>(\$ 136,210)</u> | <u>\$ 102,364</u> |
| Service cost | | | |
| Current service cost | 1,425 | - | 1,425 |
| Net interest expense (income) | <u>2,860</u> | <u>(1,643)</u> | <u>1,217</u> |
| Recognized in Profit or Loss | <u>4,285</u> | <u>(1,643)</u> | <u>2,642</u> |
| Remeasurement | | | |
| Return on plan assets (excluding amounts included in net interest) | - | <u>(13,349)</u> | <u>(13,349)</u> |
| Actuarial gain - changes in financial assumptions | <u>(3,314)</u> | - | <u>(3,314)</u> |
| Actuarial loss - experience adjustments | <u>2,392</u> | <u>-</u> | <u>2,392</u> |
| Recognized in Other Comprehensive Income | <u>(922)</u> | <u>(13,349)</u> | <u>(14,271)</u> |
| Contributions from the employer | - | <u>(9,527)</u> | <u>(9,527)</u> |
| Benefits paid | <u>(23,473)</u> | <u>23,473</u> | <u>-</u> |
| Balance on December 31, 2024 | <u>\$ 218,464</u> | <u>(\$ 137,256)</u> | <u>\$ 81,208</u> |

Through the defined benefit plans under the Labor Standards Law, the Company is exposed to the following risks:

- 1) Investment risk: The plan assets are invested in domestic or foreign equity and debt securities, bank deposits, etc. The investment is conducted at the discretion of the

Bureau or under the mandated management. However, in accordance with relevant regulations, the return generated by plan assets should not be below the interest rate of a 2-year time deposit with local banks.

- 2) Interest rate risk: A decrease in corporate bond interest rates will increase the present value of the defined benefit obligation; however, this will be partially offset by an increase in the return on the plans' debt investments.
- 3) Salary risk: The present value of the defined benefit obligation is calculated with reference to the future salaries of plan participants. As such, an increase in the salaries of the plan participants will increase the present value of the defined benefit obligation.

The actuarial valuations of the present value of the defined benefit obligation were carried out by qualified actuaries. The significant assumptions used for the purposes of the actuarial valuations were as follows:

| | <u>December 31, 2025</u> | <u>December 31, 2024</u> |
|----------------------------------|--------------------------|--------------------------|
| Discount rate | 1.25% | 1.50% |
| Expected rate of salary increase | 2.75% | 2.75% |

If possible reasonable changes in each of the significant actuarial assumptions were to occur and all other assumptions were to remain constant, the present value of the defined benefit obligation would increase (decrease) as follows:

| | <u>December 31, 2025</u> | <u>December 31, 2024</u> |
|----------------------------------|--------------------------|--------------------------|
| Discount rate | | |
| 0.25% increase | (<u>\$ 2,954</u>) | (<u>\$ 3,242</u>) |
| 0.25% decrease | <u>\$ 3,016</u> | <u>\$ 3,314</u> |
| Expected rate of salary increase | | |
| 0.25% increase | <u>\$ 2,921</u> | <u>\$ 3,216</u> |
| 0.25% decrease | (<u>\$ 2,876</u>) | (<u>\$ 3,162</u>) |

The sensitivity analysis presented above may not be representative of the actual change in the present value of the defined benefit obligation as it is unlikely that changes in the assumptions would occur in isolation of one another as some of the assumptions may be correlated.

| | <u>December 31, 2025</u> | <u>December 31, 2024</u> |
|--|--------------------------|--------------------------|
| Expected contributions to the plan for the next year | <u>\$ 7,621</u> | <u>\$ 9,732</u> |
| Average duration of the defined benefit obligation | 5.3 years | 6.0 years |

21. EQUITY

a. Ordinary shares

| | <u>December 31, 2025</u> | <u>December 31, 2024</u> |
|---|--------------------------|--------------------------|
| Number of shares authorized (in thousands) | <u>620,000</u> | <u>620,000</u> |
| Shares authorized | <u>\$ 6,200,000</u> | <u>\$ 6,200,000</u> |
| Number of shares issued and fully paid (in thousands) | <u>593,743</u> | <u>593,743</u> |
| Shares issued | <u>\$ 5,937,438</u> | <u>\$ 5,937,438</u> |

Fully paid ordinary shares, which have a par value of \$10, carry one vote per share and carry a right to dividends.

b. Capital Surplus

| | <u>December 31, 2025</u> | <u>December 31, 2024</u> |
|---|--------------------------|--------------------------|
| Unpaid dividends | <u>\$ 27,387</u> | <u>\$ 26,642</u> |
| Share of changes in capital surplus of associates | <u>11,581</u> | <u>11,488</u> |
| | <u>\$ 38,968</u> | <u>\$ 38,130</u> |

Capital surplus which arises from unclaimed dividends and the share of changes in capital surplus of associates may be used to offset a deficit only.

c. Retained earnings and dividends policy

Under the dividends policy as set forth in the amended Articles, where the Company made a profit in a fiscal year, the profit shall be first utilized for paying taxes, offsetting losses of previous years, setting aside as a legal reserve 10% of the remaining profit, setting aside or reversing a special reserve in accordance with the laws and regulations, and then any remaining profit together with any undistributed retained earnings shall be used by the Company's board of directors as the basis for proposing a distribution plan, which should be resolved in the shareholders' meeting for the distribution of dividends and bonuses to shareholders. For the policies on the distribution of employees' compensation and remuneration of directors after the amendment, refer to "Employees' compensation and remuneration of directors" in Note 23-7.

As the Company is in the maturation stage, for research and development needs and business diversification, the amount of dividends for shareholders shall be no less than 10% of distributable retained earnings for the current year, among which the amount of cash dividends shall be no less than 10%. If the distributable retained earnings per share of the current year are less than \$0.1, the retained earnings are not to be distributed.

An appropriation of earnings to the legal reserve shall be made until the legal reserve equals the Group's paid-in capital. The legal reserve may be used to offset deficits. If the Group has no deficit and the legal reserve has exceeded 25% of the Group's paid-in capital, the excess may be transferred to capital or distributed in cash.

The appropriations of earnings for 2024 and 2023 approved in the shareholders' meetings on May 28, 2025 and May 30, 2024, respectively, were as follows:

| | <u>2024</u> | <u>2023</u> |
|---------------------------------|-------------------|-------------------|
| Legal Reserve | \$ <u>-</u> | \$ <u>11,994</u> |
| Cash dividends | \$ <u>148,346</u> | \$ <u>267,185</u> |
| Cash dividends per share (NT\$) | \$ 0.25 | \$ 0.45 |

The appropriation of earnings for 2025 had been proposed by the Company's Board of Directors on March 10, 2026 were as follows:

| | <u>2025</u> |
|---------------------------------|-------------------|
| Cash dividends | \$ <u>118,749</u> |
| Cash dividends per share (NT\$) | \$ 0.20 |

The appropriation of earnings for 2025 is subject to resolution in the shareholders' meeting to be held on May 28, 2026.

d. Special Reserve

| | <u>2025</u> | <u>2024</u> |
|--|-------------------|-------------------|
| Balance at January 1 | \$ 554,105 | \$ 554,105 |
| Reversal for special reserve | | |
| Disposal of property, plant and equipment | (<u>1,457</u>) | <u>-</u> |
| Balance at December 31 | \$ <u>552,648</u> | \$ <u>554,105</u> |

The special reserve established for property, plant and equipment, excluding land, shall be reversed upon disposal upon first-time adoption of IFRS accounting standards.

e. Other Equity

1) Exchange Differences on Translating the Financial Statements of Foreign Operations

| | <u>2025</u> | <u>2024</u> |
|--|----------------------|-----------------------|
| Balance at January 1 | \$ <u>7,754</u> | (\$ <u>145,105</u>) |
| Recognized for the year | | |
| Exchange Differences on Translating the Financial Statements of Foreign Operations | (71,804) | 171,250 |
| Share from subsidiaries and associates accounted for using the equity method | (9,823) | 15,859 |
| Related income tax | <u>14,361</u> | (<u>34,250</u>) |
| Other Comprehensive Income (Loss) for the Year | (<u>67,266</u>) | <u>152,859</u> |
| Balance at December 31 | (\$ <u>59,512</u>) | <u>\$ 7,754</u> |

2) Unrealized gain (loss) on financial assets at fair value through other comprehensive income

| | <u>2025</u> | <u>2024</u> |
|---|-----------------------|-----------------------|
| Balance at January 1 | (\$ <u>198,485</u>) | <u>\$ 813,423</u> |
| Recognized for the year | | |
| Unrealized (Gain) Loss | | |
| Equity instruments | 13,494 | (1,003,175) |
| Share from subsidiaries and associates accounted for using the equity method | (5,526) | (2,846) |
| Related income tax | <u>327</u> | (<u>5,971</u>) |
| Other Comprehensive Income (Loss) for the Year | <u>8,295</u> | (<u>1,011,992</u>) |
| Cumulative unrealized gain of equity instruments transferred to retained earnings due to disposal | | |
| Recognized for the year | (12,245) | (250) |
| Share from subsidiaries and associates accounted for using the equity method | <u>-</u> | <u>334</u> |
| Balance at December 31 | (\$ <u>202,435</u>) | (\$ <u>198,485</u>) |

22. REVENUE

a. Revenue from contracts with customers

| | <u>2025</u> | <u>2024</u> |
|----------------------------|---------------------|---------------------|
| Revenue from sale of goods | <u>\$ 5,615,512</u> | <u>\$ 5,816,814</u> |

b. Contract balances

| | December 31, 2025 | December 31, 2024 | January 1, 2024 |
|---|----------------------|----------------------|-------------------|
| Accounts receivable (Note 10) | <u>\$ 252,729</u> | <u>\$ 470,435</u> | <u>\$ 506,613</u> |
| Contract liabilities (presented in other current liabilities) | <u>\$ 16,665</u> | <u>\$ 47,755</u> | <u>\$ 46,371</u> |

23. NET LOSS FOR THE YEAR

a. Interest income

| | 2025 | 2024 |
|---|------------------|------------------|
| Bank deposits | <u>\$ 7,461</u> | <u>\$ 4,395</u> |
| Financial assets at FVTPL | 2,316 | 2,101 |
| Reverse repurchase agreements collateralized by bonds | <u>6,618</u> | <u>10,901</u> |
| | <u>\$ 16,395</u> | <u>\$ 17,397</u> |

b. Other income

| | 2025 | 2024 |
|---|------------------|-------------------|
| Rental income | <u>\$ 52,278</u> | <u>\$ 52,393</u> |
| Dividend income | | |
| Financial assets at FVTPL | 1,727 | 3,429 |
| Investments in equity instruments at FVTOCI | <u>39,090</u> | <u>72,331</u> |
| | <u>40,817</u> | <u>75,760</u> |
| Others | <u>6,570</u> | <u>8,487</u> |
| | <u>\$ 99,665</u> | <u>\$ 136,640</u> |

c. Other gains and losses

| | 2025 | 2024 |
|---|----------------------|---------------------|
| Net gain on fair value changes of financial assets and liabilities at fair value through profit or loss | <u>\$ 5,850</u> | <u>\$ 594</u> |
| Scrapping losses of property, plant and equipment | - | (9,787) |
| Net foreign exchange (losses) gains | (17,735) | 29,540 |
| Others | <u>(37,017)</u> | <u>(29,288)</u> |
| | <u>(\$ 48,902)</u> | <u>(\$ 8,941)</u> |

d. Interest expense

| | 2025 | 2024 |
|------------------------|------------------|------------------|
| Interest on bank loans | <u>\$ 17,084</u> | <u>\$ 12,306</u> |

| | <u>2025</u> | <u>2024</u> |
|-------------------------------|------------------|------------------|
| Interest on lease liabilities | 1,718 | 155 |
| | <u>\$ 18,802</u> | <u>\$ 12,461</u> |

There was no capitalization of interest costs between 2025 and 2024.

e. Depreciation and amortization

| | <u>2025</u> | <u>2024</u> |
|-------------------------------|-------------------|-------------------|
| Property, plant and equipment | \$ 334,788 | \$ 327,252 |
| Investment properties | 9,238 | 7,661 |
| Right-of-use assets | 666 | 698 |
| Intangible Assets | 536 | 480 |
| Total | <u>\$ 345,228</u> | <u>\$ 336,091</u> |

An analysis of depreciation expenses by function

| | | |
|------------------------|-------------------|-------------------|
| Operating Cost | \$ 335,342 | \$ 327,837 |
| Operating expenses | 112 | 113 |
| Other gains and losses | 9,238 | 7,661 |
| | <u>\$ 344,692</u> | <u>\$ 335,611</u> |

An analysis of amortization expenses by function

| | | |
|--------------------|---------------|---------------|
| Operating expenses | <u>\$ 536</u> | <u>\$ 480</u> |
|--------------------|---------------|---------------|

f. Employee benefits expense

| | <u>2025</u> | <u>2024</u> |
|------------------------------------|-------------------|-------------------|
| Post-employment benefits (Note 20) | | |
| Defined contribution plans | \$ 9,835 | \$ 9,505 |
| Defined benefit plans | 2,143 | 2,642 |
| | 11,978 | 12,147 |
| Other employee benefits | 308,932 | 302,651 |
| Total employee benefits expense | <u>\$ 320,910</u> | <u>\$ 314,798</u> |

An analysis of employee benefits expense by function

| | | |
|--------------------|-------------------|-------------------|
| Operating Cost | \$ 276,538 | \$ 267,786 |
| Operating expenses | 44,372 | 47,012 |
| | <u>\$ 320,910</u> | <u>\$ 314,798</u> |

g. Employees' compensation and remuneration of directors

The Company accrued employees' compensation and remuneration of directors and supervisors at rates of no less than 1% and no higher than 1%, respectively, of net profit before income tax. In accordance with the August 2024 amendments to the Securities

and Exchange Act, the Company obtained shareholder approval at the 2025 shareholders' meeting to amend the Articles, stipulating that when the Company makes profit for the year, entry-level employees shall receive no less than 40% of the total employees' compensation to be distributed. In both 2025 and 2024, due to losses, employee and director remuneration were not estimated.

Information on the employees' compensation and remuneration of directors resolved by the Company's board of directors is available at the Market Observation Post System website of the Taiwan Stock Exchange.

h. Gains or losses on foreign currency exchange

| | <u>2025</u> | <u>2024</u> |
|-------------------------|----------------------|-------------------|
| Foreign exchange gains | \$ 50,009 | \$ 43,495 |
| Foreign exchange losses | (<u>67,744</u>) | (<u>13,955</u>) |
| Net (losses) gains | (<u>\$ 17,735</u>) | <u>\$ 29,540</u> |

24. INCOME TAX

a. Income tax recognized in profit or loss

Major components of income tax expenses (benefits) are as follows:

| | <u>2025</u> | <u>2024</u> |
|--|-------------------|-----------------------|
| <u>Current tax</u> | | |
| In respect of the current year | \$ 117 | \$ 62 |
| Adjustments for prior years | (<u>9,083</u>) | <u>2,522</u> |
| | (<u>8,966</u>) | <u>2,584</u> |
| <u>Deferred income tax</u> | | |
| In respect of the current year | 5,997 | (176,370) |
| Adjustments for prior years | <u>2,354</u> | <u>-</u> |
| | <u>8,351</u> | (<u>176,370</u>) |
| Income tax benefits recognized in profit or loss | (<u>\$ 615</u>) | (<u>\$ 173,786</u>) |

A reconciliation of accounting profit and income tax gain is as follows:

| | <u>2025</u> | <u>2024</u> |
|---|-------------------------|-----------------------|
| Pre-tax net loss | (<u>\$ 1,045,118</u>) | (<u>\$ 924,286</u>) |
| Income tax expense (benefit) calculated on pre-tax net loss at the statutory tax rate | (\$ 209,024) | (\$ 184,857) |
| Items which should be adjusted according to statutory taxable income | 27,224 | 26,185 |
| Tax-exempt income | (12,070) | (17,636) |
| Unrecognized loss offsets | 1,468 | - |
| Unrecognized temporary differences | 198,516 | - |
| Adjustments for prior years | (<u>6,729</u>) | <u>2,522</u> |
| Income tax benefits recognized in profit or loss | (<u>\$ 615</u>) | (<u>\$ 173,786</u>) |

b. Income tax recognized in other comprehensive income

| | <u>2025</u> | <u>2024</u> |
|---|--------------------|------------------|
| <u>Deferred income tax</u> | | |
| In respect of current year | | |
| — Translation of foreign operations | (\$ 14,361) | \$ 34,250 |
| — Unrealized gain (loss) on financial assets at fair value through other comprehensive income | (327) | 5,971 |
| — Remeasurement on defined benefit plans | <u>629</u> | <u>2,854</u> |
| Total income tax expense (gain) recognized in other comprehensive income | <u>(\$ 14,059)</u> | <u>\$ 43,075</u> |

c. Deferred income tax assets and liabilities

The movements of deferred income tax assets and liabilities were as follows:

2025

| | <u>Balance at January 1</u> | <u>Recognized in Profit or Loss</u> | <u>Recognized in Other Comprehensive Income</u> | <u>Balance at December 31</u> |
|---|---------------------------------|---|---|-----------------------------------|
| <u>Deferred income tax assets</u> | | | | |
| Temporary differences | | | | |
| Allowance for inventory valuation and obsolescence losses | \$ 4,566 | (\$ 2,737) | \$ - | \$ 1,829 |
| Allowance for office supplies impairment losses | 10,765 | 240 | - | 11,005 |
| Provision for sales rebates | 1,179 | - | - | 1,179 |
| Allowance for production supplies losses | 849 | (25) | - | 824 |
| Unrealized gain/loss on financial instruments at FVTPL | 218 | (218) | - | - |
| Payables for annual leave | 2,425 | (25) | - | 2,400 |
| Defined benefit obligation | 16,668 | (1,071) | (629) | 14,968 |
| Inventory tax differences | 90 | (16) | - | 74 |
| Depreciation tax differences | 29 | 18 | - | 47 |
| Exchange differences on foreign operations | - | - | 5,456 | 5,456 |
| Investment loss recognized by the equity method | 663,934 | (3,042) | - | 660,892 |
| Unappropriated earnings of Controlled Foreign Company | <u>6,688</u> | <u>(2,354)</u> | <u>-</u> | <u>4,334</u> |
| | <u>\$ 707,411</u> | <u>(\$ 9,230)</u> | <u>\$ 4,827</u> | <u>\$ 703,008</u> |
| <u>Deferred income tax liabilities</u> | | | | |
| Temporary differences | | | | |
| Land value increment tax reserve | \$ 21,469 | \$ - | \$ - | \$ 21,469 |
| Loss allowance for accounts receivable | 267 | - | - | 267 |
| Unrealized foreign exchange gains | 1,215 | (516) | - | 699 |
| Unrealized gain/loss on financial instruments at FVTPL | - | 160 | - | 160 |
| Financial assets at FVTOCI | 13,433 | - | (327) | 13,106 |
| Exchange differences on foreign operations | 8,905 | - | (8,905) | - |

| | Balance at January 1 | Recognized in Profit or Loss | Recognized in Other Comprehensive Income | Balance at December 31 |
|--------------------------------|-------------------------|---------------------------------|---|---------------------------|
| Unrealized gross loss on sales | <u>589</u> | <u>(523)</u> | <u>-</u> | <u>66</u> |
| | <u>\$ 45,878</u> | <u>(\$ 879)</u> | <u>(\$ 9,232)</u> | <u>\$ 35,767</u> |

2024

| | Balance at January 1 | Recognized in Profit or Loss | Recognized in Other Comprehensive Income | Balance at December 31 |
|--|-------------------------|---------------------------------|---|---------------------------|
| <u>Deferred income tax assets</u> | | | | |
| Temporary differences | | | | |
| Unrealized foreign exchange losses | \$ 1,777 | (\$ 1,777) | \$ - | \$ - |
| Allowance for inventory valuation and obsolescence losses | 2,254 | 2,312 | - | 4,566 |
| Allowance for office supplies impairment losses | 9,626 | 1,139 | - | 10,765 |
| Provision for sales rebates | 1,179 | - | - | 1,179 |
| Allowance for production supplies losses | 1,077 | (228) | - | 849 |
| Unrealized gain/loss on financial instruments at FVTPL | - | 218 | - | 218 |
| Payables for annual leave | 2,273 | 152 | - | 2,425 |
| Defined benefit obligation | 20,899 | (1,377) | (2,854) | 16,668 |
| Inventory tax differences | 111 | (21) | - | 90 |
| Depreciation tax differences | - | 29 | - | 29 |
| Exchange differences on foreign operations | 25,345 | - | (25,345) | - |
| Investment loss recognized by the equity method | 488,883 | 175,051 | - | 663,934 |
| Unappropriated earnings of Controlled Foreign Company | <u>4,636</u> | <u>2,052</u> | <u>-</u> | <u>6,688</u> |
| | <u>\$ 558,060</u> | <u>\$ 177,550</u> | <u>(\$ 28,199)</u> | <u>\$ 707,411</u> |
| <u>Deferred income tax liabilities</u> | | | | |
| Temporary differences | | | | |
| Land value increment tax reserve | \$ 21,469 | \$ - | \$ - | \$ 21,469 |
| Loss allowance for accounts receivable | 267 | - | - | 267 |
| Unrealized foreign exchange gains | - | 1,215 | - | 1,215 |
| Unrealized gain/loss on financial instruments at FVTPL | 191 | (191) | - | - |
| Depreciation tax differences | 15 | (15) | - | - |
| Financial assets at FVTOCI | 7,462 | - | 5,971 | 13,433 |
| Exchange differences on foreign operations | - | - | 8,905 | 8,905 |
| Unrealized gross loss on sales | <u>418</u> | <u>171</u> | <u>-</u> | <u>589</u> |
| | <u>\$ 29,822</u> | <u>\$ 1,180</u> | <u>\$ 14,876</u> | <u>\$ 45,878</u> |

d. Items not recognized as deferred tax assets

| | <u>2025</u> | <u>2024</u> |
|---|-------------------|-------------|
| Deductible temporary differences | | |
| Share of losses from associates accounted for using the equity method | <u>\$ 198,516</u> | <u>\$ -</u> |

e. Income tax assessments

The Company's income tax returns through 2023 have been assessed by the tax authorities.

25. LOSS PER SHARE

| | Unit: NT\$ Per Share | |
|------------------------|----------------------|------------------|
| | 2025 | 2024 |
| Basic loss per share | <u>(\$ 1.76)</u> | <u>(\$ 1.26)</u> |
| Diluted loss per share | <u>(\$ 1.76)</u> | <u>(\$ 1.26)</u> |

The loss and weighted average number of ordinary shares used to calculate the loss per share from continuing operations were as follows:

Net loss for the year

| | 2025 | 2024 |
|---|-----------------------|---------------------|
| To calculate the net loss per share for basic and diluted purposes. | <u>(\$ 1,044,503)</u> | <u>(\$ 750,500)</u> |

| | Unit: In thousand shares | |
|--|--------------------------|----------------|
| | 2025 | 2024 |
| <u>Number of Shares</u> | | |
| Weighted average number of ordinary shares used in the computation of basic losses per share | <u>593,743</u> | <u>593,743</u> |

If the Company offered to settle compensation paid to employees in cash or shares, the Company assumed the entire amount of the compensation would be settled in shares and the resulting potential shares were included in the weighted average number of shares outstanding used in the computation of diluted earnings per share, if the effect is dilutive. Such dilutive effect of the potential shares is included in the computation of diluted earnings per share until the shareholders resolve the number of shares to be distributed to employees at their meeting in the following year.

As the Company incurred losses in both 2025 and 2024, potential dilution was anti-dilutive and was therefore not included in the calculation of diluted loss per share.

26. CAPITAL MANAGEMENT

The Company manages its capital to ensure that the Company will be able to continue as a going concern while maximizing the return to stakeholders through the optimization of the debt and equity balance.

The capital structure of the Company consists of net debt (borrowings offset by cash and cash equivalents) and equity of the Company (comprising issued capital, reserves, retained earnings, and other equity).

27. FINANCIAL INSTRUMENTS

a. Fair value of financial instruments not measured at fair value

The Company's management believes that the carrying amounts of financial assets and financial liabilities which are recognized in the financial statements approximate their fair values.

b. Fair value of financial instruments measured at fair value on a recurring basis

1) Fair value hierarchy

December 31, 2025

| | <u>Level 1</u> | <u>Level 2</u> | <u>Level 3</u> | <u>Grand total</u> |
|---------------------------------------|---------------------|----------------|-------------------|---------------------|
| <u>Financial assets at FVTPL</u> | | | | |
| Domestic listed shares | \$ 103,200 | \$ - | \$ - | \$ 103,200 |
| Foreign listed shares | 20,937 | - | - | 20,937 |
| Mutual funds | 209,397 | - | - | 209,397 |
| Beneficiary securities | 58,363 | - | - | 58,363 |
| | <u>\$ 391,897</u> | <u>\$ -</u> | <u>\$ -</u> | <u>\$ 391,897</u> |
| <u>Financial assets at FVTOCI</u> | | | | |
| Investments in equity instruments | | | | |
| Domestic listed shares | \$ 1,789,752 | \$ - | \$ - | \$ 1,789,752 |
| Domestic unlisted shares | - | - | 105,904 | 105,904 |
| | <u>\$ 1,789,752</u> | <u>\$ -</u> | <u>\$ 105,904</u> | <u>\$ 1,895,656</u> |
| <u>Financial liabilities at FVTPL</u> | | | | |
| Derivative instruments | <u>\$ -</u> | <u>\$ 676</u> | <u>\$ -</u> | <u>\$ 676</u> |

December 31, 2024

| | <u>Level 1</u> | <u>Level 2</u> | <u>Level 3</u> | <u>Grand total</u> |
|-----------------------------------|---------------------|----------------|-------------------|---------------------|
| <u>Financial assets at FVTPL</u> | | | | |
| Domestic listed shares | \$ 63,400 | \$ - | \$ - | \$ 63,400 |
| Foreign listed shares | 18,369 | - | - | 18,369 |
| Mutual funds | 229,862 | - | - | 229,862 |
| Beneficiary securities | 62,214 | - | - | 62,214 |
| | <u>\$ 373,845</u> | <u>\$ -</u> | <u>\$ -</u> | <u>\$ 373,845</u> |
| <u>Financial assets at FVTOCI</u> | | | | |
| Investments in equity instruments | | | | |
| Domestic listed shares | \$ 1,793,176 | \$ - | \$ - | \$ 1,793,176 |
| Domestic unlisted shares | - | - | 117,282 | 117,282 |
| | <u>\$ 1,793,176</u> | <u>\$ -</u> | <u>\$ 117,282</u> | <u>\$ 1,910,458</u> |

There were no transfers between Levels 1 and 2 in 2025 and 2024.

2) Reconciliation of Level 3 fair value measurements of financial instruments

Financial assets at FVTOCI - Equity instruments

| | <u>2025</u> | <u>2024</u> |
|--|-------------------|-------------------|
| Balance at January 1 | \$ 117,282 | \$ 140,936 |
| Recognized in other comprehensive income (included in unrealized gain on financial assets at FVTOCI) | 424 | (3,679) |
| Transfer out of Level 3 | - | (19,975) |
| Cash reduction of capital | (11,802) | - |
| Balance at December 31 | <u>\$ 105,904</u> | <u>\$ 117,282</u> |

3) Valuation techniques and inputs applied for Level 2 fair value measurement

| <u>Type of Financial Instruments</u> | <u>Valuation Techniques and Inputs</u> |
|--|---|
| Derivatives - foreign exchange forward contracts | Discounted cash flow: Future cash flows are estimated based on observable forward exchange rates at the end of the reporting period and contract forward rates, discounted at a rate that reflects the credit risk of various counterparties. |

4) Valuation techniques and inputs applied for Level 3 fair value measurement

The Company's financial department used valuation techniques in measuring Level 3 fair value of financial instruments. The assumptions of and the inputs to the measurement are based on information from independent resources. The results of the measurement are evaluated against the market state and reviewed periodically to ensure that they are reasonable. The fair values of domestic and foreign unlisted equity securities were determined using the asset-based approach. In this approach, the fair value is determined by the latest net value of the investee company and the financial and business conditions of an observable company. If the discount for the lack of marketability decreases, the fair value of investments will increase. When the net asset value of the investee company increased/decreased by 1%, it increased/decreased the fair value for 2025 and 2024 by NT\$1,059 thousand and NT\$1,173 thousand, respectively.

c. Categories of financial instruments

| | <u>December 31, 2025</u> | <u>December 31, 2024</u> |
|--|--------------------------|--------------------------|
| <u>Financial assets</u> | | |
| Measured at FVTPL | | |
| Mandatorily classified as at FVTPL | \$ 391,897 | \$ 373,845 |
| Financial assets at amortized cost (Note 1) | 981,450 | 1,784,336 |
| Financial assets at FVTOCI | | |
| Investments in equity instruments | 1,895,656 | 1,910,458 |
| <u>Financial liabilities</u> | | |
| Measured at FVTPL | | |
| Held for trading | 676 | - |
| Financial liabilities at amortized cost (Note 2) | 1,134,049 | 1,760,535 |

Note 1: The balances include financial assets at amortized cost, which comprise cash and cash equivalents, RS with original maturities exceeding three months,

accounts receivable (including related parties), other receivables (including related parties and excluding tax refund receivables) and refundable deposits.

Note 2: The balances include financial liabilities at amortized cost, which comprise, accounts payable (including related parties), other payables (including related parties and excluding payables for salaries and taxes), current portion of long-term liabilities, long-term borrowings, and guarantee deposits received.

d. Financial risk management objectives and policies

The Company's risk control and hedging strategy are influenced by its operational environment. The Company properly monitors and manages the risks related to business nature and according to the principle of risk diversification. These risks include market risk (including foreign currency risk, interest rate risk and other price risk), credit risk and liquidity risk.

1) Market risk

The Company's activities exposed it primarily to the financial risks of changes in foreign currency exchange rates and interest rates.

There has been no change to the Company's exposure to market risks or the manner in which these risks were managed and measured.

a) Foreign currency risk

The Company had foreign currency sales and purchases, which exposed the Company to foreign currency risk. In order to avoid the impact of foreign currency exchange rate changes, which lead to deductions in foreign currency denominated assets and fluctuations in their future cash flows, the Company used the natural offset between foreign currency assets and liabilities and foreign exchange forward contracts on the net position. The Company sought to minimize the effects of these risks by using foreign exchange forward contracts to hedge risk exposures. The use of foreign exchange forward contracts was governed by the Company's policies approved by the board of directors. Compliance with policies and exposure limits was reviewed by internal auditors on a continuous basis. The Company did not enter into or trade foreign exchange forward contracts for speculative purposes.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities is set out in Note 30. See Note 7 for the carrying value of derivative instruments with additional exposure to foreign exchange rate risk.

Sensitivity analysis

The Group was mainly exposed to the USD and RMB. The sensitivity analysis includes only outstanding foreign currency denominated monetary items at the end of the reporting period. When the functional currency of the Company appreciates/depreciates against the US dollar by 3%, the pre-tax net loss of the Company for 2025 and 2024 will increase/decrease by NT\$5,737 thousand and NT\$8,380 thousand, respectively. When the functional currency of the Company appreciates/depreciates against the RMB by 3%, the pre-tax net loss of the Company for 2025 and 2024 will increase/decrease by NT\$891 thousand and NT\$1,857 thousand, respectively.

In management's opinion, this sensitivity analysis is unrepresentative of the Company's inherent foreign exchange risk because the exposure at the end of the reporting period did not reflect the exposure during the period.

b) Interest rate risk

The Company was exposed to fair value interest rate risk because the Company held financial assets and financial liabilities at fixed rates; the Company was exposed to cash flow interest rate risk because the Company held financial assets and financial liabilities at floating rates. The Company's management personnel monitors the changes in the market rates on a regular basis and adjusts the floating rate financial liabilities to make the Company's rates approach market rates in response to the risk caused by changing market rates. The carrying amount of the Company's financial assets and financial liabilities with exposure to interest rates at the end of the reporting period were as follows:

| | <u>December 31, 2025</u> | <u>December 31, 2024</u> |
|-------------------------------|--------------------------|--------------------------|
| Fair value interest rate risk | | |
| — Financial assets | \$ 597,317 | \$ 1,185,480 |
| — Financial liabilities | 81,024 | 86,921 |
| Cash flow interest rate risk | | |
| — Financial assets | 99,266 | 105,164 |
| — Financial liabilities | 786,330 | 1,190,303 |

Sensitivity analysis

The sensitivity analysis below was determined based on the Company's exposure to interest rates for both financial assets and liabilities at the end of the reporting period. A 50-basis point increase or decrease was used when

reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates. With all other variables are held constant, a 0.5% increase/decrease in market interest rates, financial assets and liabilities exposed to cash flow interest rate risk would increase/decrease the Company's net loss before income tax by NT\$3,435 thousand/NT\$5,426 thousand for 2025 and 2024.

c) Other price risk

The Company was exposed to securities price risk through its investments in securities listed in the ROC or other countries. The Company manages this exposure by maintaining a portfolio of investments with different risks. In addition, the Company has appointed a special team to monitor price risk.

Sensitivity analysis

The following sensitivity analysis was based on the prices of securities as of the balance sheet date. However, in the financial assets at fair value through profit or loss in which the Company invested, the risk of price fluctuation of money market funds was very limited, so it was not included in the analysis.

If the marketable securities price increases/decreases by 5%, the net loss before tax for 2025 and 2024 would increase/decrease by NT\$9,125 thousand and NT\$8,030 thousand due to the increase/decrease in the fair value of financial assets (excluding investment in money market funds) measured through profit or loss. Other comprehensive income before tax for 2025 and 2024 would increase / decrease by \$94,783 thousand and \$95,523 thousand respectively due to the increase / decrease in the fair value of financial assets at fair value through other comprehensive income.

2) Credit risk

Credit risk refers to the risk that the counterparty will default on its contractual obligations resulting in financial loss to the Company. As at the end of the reporting period, the Company's maximum exposure to credit risk, which would cause a financial loss to the Company due to the failure of the counterparty to discharge its obligation and due to the financial guarantees provided by the Company, could be equal to the total of the following:

- a) The carrying amount of the respective recognized financial assets as stated in the balance sheets; and

- b) The maximum amount the Company would have to pay if the financial guarantee is called upon, irrespective of the likelihood of the guarantee being exercised.

The Company adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults. The Company's exposure and the credit ratings of its counterparties are continuously monitored.

The Company transacted with a large number of unrelated customers in a variety of areas, and, thus, no concentration of credit risk was observed. Ongoing credit evaluations are performed on the financial conditions of trade receivables; therefore, the Company's credit risk is limited.

3) Liquidity risk

The Company manages liquidity risk by monitoring and maintaining a level of cash and cash equivalents deemed adequate to finance the Company's operations and mitigate the effects of fluctuations in cash flows.

As such cash and cash equivalents are sufficient to finance the Company's operations, there is no liquidity risk arising from the deficiency of funds to fulfill contractual obligations.

a) Liquidity and interest rate risk table for non-derivative financial liabilities

The following table details the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods based on the probable earliest repayment dates. The table was drawn up based on the undiscounted cash flows of financial liabilities from the earliest date on which the Company can be required to pay. The table includes both interest and principal cash flows.

December 31, 2025

| | Weighted Average Interest Rate (%) | On Demand or Less than 1 Year | 1 to 5 Years | 5+ Years |
|---|---|-------------------------------------|-------------------|------------------|
| <u>Non-derivative financial liabilities</u> | | | | |
| Non-interest bearing liabilities | | \$ 342,491 | \$ - | \$ - |
| Lease liabilities | 1.06%~2.16% | 8,232 | 34,920 | 46,765 |
| Floating interest rate liabilities | 1.35% | <u>399,411</u> | <u>395,089</u> | <u>-</u> |
| | | <u>\$ 750,134</u> | <u>\$ 430,009</u> | <u>\$ 46,765</u> |

December 31, 2024

| | Weighted Average Interest Rate (%) | On Demand or Less than 1 Year | 1 to 5 Years | 5+ Years |
|---|---|-------------------------------------|-------------------|------------------|
| <u>Non-derivative financial liabilities</u> | | | | |
| Non-interest bearing liabilities | | \$ 572,727 | \$ - | \$ - |
| Lease liabilities | 1.06%~2.16% | 7,668 | 34,173 | 55,744 |
| Floating interest rate liabilities | 1.05% | 404,810 | 796,491 | - |
| | | <u>\$ 985,205</u> | <u>\$ 830,664</u> | <u>\$ 55,744</u> |

b) Liquidity and interest rate risk table for derivative financial liabilities

Liquidity analysis of derivative financial instruments with gross delivery is prepared on the basis of undiscounted gross cash inflows and outflows. When the amount payable or receivable is not fixed, the amount disclosed is determined by the expected interest rate derived from the yield curve on the balance sheet date (as of December 31, 2024: none).

December 31, 2025

| | <u>On Demand or Less than 1 Month</u> |
|------------------------------------|---|
| <u>Gross settled</u> | |
| Foreign exchange forward contracts | |
| — Inflows | \$ 21,951 |
| — Outflows | (22,630) |
| | <u>(\$ 679)</u> |

c) Financing facilities

Bank loans are an essential source of liquidity for the Company. The table below details the used and unused amount of bank loans at the end of the reporting period.

| | <u>December 31, 2025</u> | <u>December 31, 2024</u> |
|---------------------------|--------------------------|--------------------------|
| Unsecured bank facilities | | |
| — Amount used | \$ 788,615 | \$ 1,182,923 |
| — Amount unused | 4,710,000 | 5,870,000 |
| | <u>\$ 5,498,615</u> | <u>\$ 7,052,923</u> |

28. TRANSACTIONS WITH RELATED PARTIES

The Company's ultimate parent is USI Corporation, which held 36.08% of the ordinary shares of the Company as of December 31, 2025 and 2024.

Besides the information disclosed elsewhere in the other notes, details of transactions between the Company and related parties are disclosed below:

- a. Names and relationships of the related parties which have significant transactions with the Company are summarized as follows:

| Related Party Name | Relationship with the Group |
|--|--|
| USI Corporation (USI) | Ultimate parent company |
| Union Polymer International Investment Corporation (UPIIC) | Parent entity |
| USI International Corp. (USIIC) | Subsidiary |
| USI Trading (Shanghai) Co., Ltd (USITA) | Subsidiary |
| APC Investment Corporation (APCIC) | Subsidiary |
| China General Plastics Corporation (CGPC) | Associate |
| China General Terminal & Distribution Corporation (CGTD) | Associate |
| Acme Electronics Corporation (ACME) | Associate |
| USI Optronics Corporation (USIOO) | Associate |
| Swanson Plastics Corporation (SPC) | Associate |
| Swanson Plastics (Kunshan) Corporation (SPK) | Associate |
| Taiwan VCM Corporation (TVCM) | Associate |
| CGPC Polymer Corporation (CGPCPOL) | Associate |
| Forever Young Company Limited (FY) | Associate |
| Swanson Technologies Corporation (STC) | Associate |
| Fujian Gulei Petrochemical Co., Ltd. (Gulei) | Associate |
| Global Green Technology Corporation (GGT) | Associate |
| Dynamic Ever Investments Limited (DEI) | Associate |
| Zhangzhou USI Trading Co., Ltd. (GUL) | Associate |
| Xiamen USI Trading Co., Ltd. (XUL) | Associate |
| Swanson Plastics (Malaysia)Sdn. Bhd. | Associate |
| Swanson Plastics (India)Private Limited | Associate |
| PT Swanson Plastics Indonesia | Associate |
| Taita Chemical Company, Ltd. (TTC) | Fellow subsidiary |
| Taiwan United Venture Management Corporation (TUVM) | Fellow subsidiary |
| USI Management Consulting Corporation (UM) | Fellow subsidiary |
| USI Investment Co., Ltd. (USII) | Fellow subsidiary |
| INOMA Corporation (INOMA) | Fellow subsidiary |
| Chong Loong Trading Co., Ltd. (CLT) | Fellow subsidiary |
| USI (Hong Kong) Company Limited [USI (HK)] | Fellow subsidiary |
| USI Green Energy Corporation (SG) | Fellow subsidiary |

| Fellow subsidiary | | |
| TTC | \$ 586 | \$ 705 |
| Others | - | 83 |
| | <u>586</u> | <u>788</u> |
| | <u>\$ 13,611</u> | <u>\$ 19,693</u> |

Other receivables – related party amounts mainly include payments from the related companies for the allocation of ethylene to the Company, as well as payments from the ultimate parent company and affiliated companies, including sibling companies, for office rentals.

o. Accounts payable

| <u>Related Party Category/Name</u> | <u>December 31, 2025</u> | <u>December 31, 2024</u> |
|------------------------------------|--------------------------|--------------------------|
| Ultimate parent company | | |
| USI | \$ 4,776 | \$ 10,971 |
| Associate | | |
| SPC | <u>1,586</u> | <u>2,559</u> |
| | <u>\$ 6,362</u> | <u>\$ 13,530</u> |

p. Other payables

| <u>Related Party Category/Name</u> | <u>December 31, 2025</u> | <u>December 31, 2024</u> |
|------------------------------------|--------------------------|--------------------------|
| Ultimate parent company | | |
| USI | \$ 3,271 | \$ 132,927 |
| Subsidiary | 1,250 | 547 |
| Associate | 6,692 | 8,057 |
| Fellow subsidiary | <u>693</u> | <u>798</u> |
| | <u>\$ 11,906</u> | <u>\$ 142,329</u> |

Other payables - amounts due to related parties mainly represent operating service fees provided by associates.

q. Compensation of key management personnel

Total remuneration for directors and other key management personnel is as follows:

| | | |
|------------------------------|------------------|------------------|
| | <u>2025</u> | <u>2024</u> |
| Short-term employee benefits | <u>\$ 18,639</u> | <u>\$ 18,479</u> |

The remuneration of directors and key executives was determined by the remuneration committee based on the performance of individuals and market trends.

29. SIGNIFICANT COMMITMENTS, CRITICAL EVENTS AFTER THE REPORTING DATE AND CONTINGENCIES

a. Significant commitments

The amount available under unused letters of credit as of December 31, 2025 was \$314,686 thousand.

b. Key contingencies

With regard to the gas explosions in the evening on July 31, 2014, where the Company's investee company accounted for using the equity method China General Terminal & Distribution Corporation (CGTD) was contracted by LCY Chemical Corp. (LCY) to operate the propene pipelines, the criminal part of the gas explosion case was also dismissed on appeal by the Supreme Court on September 15, 2021, and all three of CGTD's employees were acquitted.

CGTD arrived at an agreement with the Kaohsiung City Government on February 12, 2015, pledging certificates of bank deposits of NT\$238,306 thousand, interest included, to the Kaohsiung City Government as collateral for the loss caused by the gas explosion. The Kaohsiung City Government also filed civil procedure requests in succession against LCY Chemical Corp., CGTD and CPC Corporation, Taiwan (“CPC”). In addition, Taiwan Power Company Limited separately applied to the court on August 27, 2015 and November 26, to execute a provisional attachment on the assets of CGTD. CGTD has deposited a cash amount of NT\$ 99,207 thousand with the court, thereby avoiding the provisional attachment. Similarly, Taiwan Water Corporation also separately applied to the court on February 3, 2017 and March 2, to execute a provisional attachment on the assets of CGTD. At the end of February 28, 2026, the bank deposit seized from CGTD was worth NT\$ 6,401 thousand.

As for the victims of the gas explosion, CGTD, LCY Chemical Corp. and the Kaohsiung City Government signed a tripartite agreement on July 17, 2015, agreeing to negotiate compensation in advance for all the heirs and claimants of the 32 victims (hereinafter referred to as “the families of the victims”). Each victim’s family received NT\$12,000 thousand, and the total compensation was NT\$384,000 thousand. The compensation was advanced by LCY Chemical Corp. LCY Chemical Corp. was in charge of negotiating the compensation with the victims’ families and signing the settlement agreement on behalf of the three parties. In accordance with the tripartite agreement, CGTD paid NT\$157,347 thousand to LCY Chemical Corp. on August 10, 2022 according to the proportion of fault liability of 30% in the first-instance judgments of this case. After settling the civil litigation later, compensation will be made according to the determined liability proportion.

As for the seriously injured, CGTD, LCY Chemical Corp. and the Kaohsiung City Government signed a tripartite agreement for the compensation of the 65 seriously injured victims’ families on October 25, 2017. Compensation was paid by CGTD and the Kaohsiung City Government, and CGTD was in charge of negotiating the compensation with the seriously injured victims’ families and signing the settlement agreement on behalf of the three parties with the 64 seriously injured victims’ families.

As of February 28, 2026, victims, injured parties, or their relatives affected by the Kaohsiung gas explosion incident have filed civil (including criminal - related civil) lawsuits claiming compensation from LCY Chemical Corp., CGTD and CPC Corporation, among others. In order to reduce litigation costs, CGTD has reached a

settlement regarding a claim amounting to NT\$ 46,677 thousand, settling for a compensation amount of NT\$4,519 thousand. The total amount of compensation sought in the ongoing litigation and the settlement amount agreed upon for the deceased and severely injured individuals, as mentioned earlier, is approximately NT\$ 3,831,211 thousand. The first instance judgments of some of the above-mentioned civil cases (the amount of compensation requested is approximately NT\$1,616,883 thousand) have been gradually announced, starting from June 22, 2018. The proportion of fault liability of the Kaohsiung City Government, LCY Chemical Corp. and CGTD is 4:3:3 in most judgments. The total amount of compensation that CGTD, LCY Chemical Corp. and the other defendants should pay is about NT\$489,861 thousand, of which CGTD was exempted to pay NT\$6,194 thousand.

For the civil cases that have been adjudicated in the first instance and have not been settled, an appeal has been filed for the second instance. Starting from July 10, 2024, the second instance has been adjudicated continuously. For the second instance cases ruled by February 28, 2026, there are 9 cases involving the Kaohsiung City Government's claims for compensation (total claim amount of approximately NT\$1,137,677 thousand). Among these, 8 cases determined that CGTD, together with LCY Chemical Corp., should jointly bear 10% (5 cases) or 20% (3 cases) of the liability for negligence. CGTD's joint compensation amount with LCY Chemical Corp. totals NT\$79,726 thousand. In one case, CGTD was found to be solely responsible for 10% of the negligence and should compensate NT\$297 thousand on its own. Additionally, in the second-instance cases ruled regarding Taiwan Power Company's claim (claim amount NT\$265,822 thousand), National Health Insurance Administration's claim (claim amount NT\$35,688 thousand), and Taiwan Water Corporation's claim (claim amount NT\$28,643 thousand), it was determined that CGTD, together with LCY Chemical Corp., should jointly compensate NT\$120,143 thousand. The aforementioned second-instance cases have been adjudicated, and except for those that cannot be appealed to the third instance, CGTD has filed appeals to the third instance for all other cases. The rest of the cases are still under trial in the Court of First Instance (the amount of compensation requested is approximately NT\$1,711,504 thousand).

The proportion of liability for negligence determined in relation to this gas explosion incident, according to the relevant rulings is used to estimate the amount of settlement for victims and seriously injured and the civil litigation compensation amount (including settled cases). The maximum amount of the insurance compensation was

deducted to calculate the amount payable by CGTD and the NT\$ 136,375 thousand has been included in the estimate on the account. However, the actual amount of such settlement and compensation shall not be confirmed until the proportion of liability to be shared by CGTD is determined in accordance with the civil action.

30. SIGNIFICANT ASSETS AND LIABILITIES DENOMINATED IN FOREIGN CURRENCIES

The following information is expressed in aggregate in foreign currencies other than the functional currency of the Company, and the exchange rates disclosed refer to the exchange rates at which these foreign currencies were translated into the functional currency. Significant financial assets and liabilities denominated in foreign currencies are as follows:

Units: The foreign currency / carrying amount is in thousand dollars, except the exchange rate in dollars.
December 31, 2025

| | <u>Foreign Currency</u> | <u>Exchange Rate</u> | | <u>Functional Currency (In Thousands)</u> | <u>Carrying Amount</u> |

For 2025 and 2024, realized and unrealized net foreign exchange losses and gains were NT\$17,735 thousand and NT\$29,540 thousand, respectively. It is impractical to disclose net foreign exchange (losses) gains by each significant foreign currency due to the variety of the foreign currency transactions and functional currencies of the Company.

31. SEPARATELY DISCLOSED ITEMS

- a. Information on significant transactions:
 - 1) Financing provided to others. (None)
 - 2) Endorsements/guarantees provided. (None)
 - 3) Marketable securities held at the end of the period (excluding investments in subsidiaries, associates and interests in joint ventures). (Table 1)
 - 4) Total purchases from or sales to related parties amounting to at least NT\$100 million or 20% of the paid-in capital. (Table 2)
 - 5) Receivables from related parties amounting to at least NT\$100 million or 20% of the paid-in capital. (None)
- b. Information about investees. (Table 3)
- c. Information on investments in mainland China
 - 1) Information on any investee company in mainland China, showing the name, principal business activities, paid-in capital, method of investment, inward and outward remittance of funds, ownership percentage, investment income or loss, carrying amount of the investment at the end of the period, repatriations of

investment income, and limit on the amount of investment in the mainland China area. (Table 4)

- 2) Any of the following significant transactions with investee companies in mainland China, either directly or indirectly through a third party, and their prices, payment terms, and unrealized gains or losses: (Table 5)
 - a) The amount and percentage of purchases and the balance and percentage of the related payables at the end of the year.
 - b) The amount and percentage of sales and the balance and percentage of the related receivables at the end of the year.
 - c) The amount of property transactions and the amount of the resultant gains or losses.
 - d) The balance of negotiable instrument endorsements or guarantees or pledges of collateral at the end of the year and the purposes.
 - e) The highest balance, the ending balance, the interest rate range, and total current period interest with respect to financing of funds.
 - f) Other transactions that have a material effect on the profit or loss for the year or on the financial position, such as the rendering or receipt of services.

32. SEGMENT INFORMATION

According to the Regulations Governing the Preparation of Financial Reports by Securities Issuers, International Financial Reporting Standard (IFRS) No. 8 on segment information does not apply to the Company's financial statements.

Note:

- As of December 31, 2025 and 2024, the Company had 240 and 241 employees, respectively including 8 and 8 directors who have not served as employees.
- For companies whose stocks are listed on the stock exchange or traded on the OTC center, the following information should be disclosed:
 - The average employee benefits expense of the current year was \$1,349 thousand ("The total employee benefits expense of the current year - the total directors' remuneration of the current year" / "the number of employees of the current year - the number of directors not serving as employees of the current year").
The average employee benefits expense of the previous year was \$1,317 thousand ("The total employee benefits expense of the previous year - the total directors' remuneration of the previous year" / "the number of employees of the previous year - the number of directors not serving as employees of the previous year").
 - The average employee salary and bonus of the current year was \$1,136 thousand (The total salary and bonus of the current year / "the number of employees of the current year - the number of directors not serving as employees of the current year").
The average employee salary and bonus of the previous year was \$1,107 thousand (The total salary and bonus of the previous year / "the number of employees of the previous year - the number of directors not serving as employees of the previous year").
 - The adjustment of the average employee salary and bonus increased by 3% ("The average employee salary and bonus of the current year - the average employee salary and bonus of the previous year" / the average employee salary and bonus of the previous year).
 - The Company has exercised the supervisory powers through the Audit Committee; therefore, it is not applicable.
 - Remuneration policy for directors and managers of the Company: a. Remuneration should refer to the industry's median level of payment, and consider the reasonableness based on individual performance, company operating performance and future risks. b. Directors and managers should not be led to engage in behavior that exceeds the company's risk appetite in pursuit of remuneration. c. The proportion of employee remuneration for short-term performance and the time of payment of variable salary shall be determined by taking into account the characteristics of the industry and the nature of the Company's business; The employee remuneration policy is formulated by referring to governmental laws and regulations, salary levels and trends of the same industry, overall economic and industrial business cycle and corporate organizational structure. The salary shall be issued according to the Company's "Salary Management Method," "Employee Performance Appraisal Method" and "Payment Method of Allowance for Staff in Charge," and other provisions. The Company has also formulated the "Year-end Bonus Management Methods" to issue year-end bonus (including employee remuneration) on the basis of the Company's profit situation and the performance of employees.
